Wanna make a family member or friend super happy and give him or her a gift they will use, love and cherish for years to come - all at the same time? This book will do it! This super special one of a kind recipe notebook is both a personalized and functional gift idea and a great way to express your gratitude, love and joy to a great person on their own special day or for any reason you choose. Why not give your co-worker, child's teacher, family member, newly divorced friend, college student, newlyweds or any friend something they can use over and over again can use on many occasions. No person will have the same recipe book as another since it can be personalized. You can give the book completely empty or add a few treasured recipes to get them started. It's all up to you. What an excellent keepsake and something anyone could keep forever. This unique fill in the blanks recipe book is filled in with blank pages that have different prompts on them to fill in for things like ingredients, temperature, etc. Adults, kids or both will have so much fun filling out these pages and the recipient will love cooking the recipes inside over and over again. You can even add artwork if you want on the pages to make it even more unique. This memorable and useful note book makes a wonderful present for just about anyone for any occasion such as weddings, showers, Valentines Day, Grandparents Day, Anniversaries, Christmas, birthdays, graduations, retirement parties and even more. p>Included: Beautiful cover image 6x9 in size Makes a perfect gift or present for special people Good for gift giving, Secret Santa or white

elephantpresents and more Order yours now. DIVPowerful Paleo Superfoods is your essential guide to getting the best out of your caveman lifestyle with the top 50 Paleo-approved superfoods from the power proteins, super fats, fruits, greens and vegetables./div For the last ten years, Dave Purenut has lived at Milton Hershey School, an all-boys school for orphans in Chocolate Town, USA, doing just what hes supposed to. Not any more. Told to set the example as the only senior in his student home, Dave refuses and soon discovers that getting into trouble has its advantages. Like the freedom to do what you choose rather than whats expected. And since the year is 1970, with revolution, sexual freedom, and drugs seemingly everywhere, and with Vietnam looming on his horizon, Dave has a lot of choices to make. From the Elizabethtown (PA) Chronicle, 2/8/01 "In COCOA BEANS, first-time novelist Michael J. Hughes finds success by reverting to a tried and true formula, writing about things familiar and intimate...Using this framework, Hughes creates a coming-of-age tale reminiscent of Salingers "Catcher in the Rye" and Twains "The Adventures of Huckleberry Finn."...COCOA BEANS succeeds where many other novels fail--it keeps you turning the pages. Hughes uses a universal experience full of conflict, the maturation process, to draw you in, then uses his own unique experiences to keep you interested. The characters are vibrant and likeable...Hughes turns in an excellant first effort, writing a book thats gripping, powerful and, ultimately, entertaining." From the Harrisburg(PA) Sunday Patriot News, 4/8/01 "COCOA BEANS by Michael J. Hughes is an entertaining coming-of-age novel about the trials and tribulations of a boarding-school student with the unlikely name of Dave Purenut...." From Central PA Magazine, May, 2001 "Drawing from his own life at Milton Hershey School, author Michael J. Hughes tells an emotional and sometimes humorous story... COCOA BEANS will spark memories for those who experienced the school first-hand, and it

will also ignite interest in those who havent." From the Hummelstown(PA) Sun, 5/9/01 "Cocoa Beans is a hilarious, nostalgic novel... From visits to the principals office to hooking out at night, Hughes captures the days of strawberry wine and sit-ins flawlessly. Society in general, the village of Hershey circa early 1970s and his characters are portrayed in a real, nostalgic and funny manner. Hughes does an excellent job of taking the reader back to the days when adults disciplined children--often times with little patience--in ways that by todays standards might be labeled abusive. Cocoa Beans is a funny book and captures the times well." From Amazon.com Reviews *****THREE Es FOR COCOA BEANS: ENTERTAINING, ENJOYABLE, AND EASY TO READ: "Im an avid reader and thoroughly enjoyed reading cocoa beans. Its a coming of age book filled with humor, tenderness and even some tears. Id recommend it for readers of all ages!" Mary Helfer, Fairport, NY From Amazon.com Reviews *****A VERY ENTERTAINING STORY: "...a great story for anyone who enjoys fiction. While reading it I found myself making comparisons to another great story about a young mans coming of age in The Catcher in the Rye...The author tells this story using what I think are a great combination of qualities in a work of ficiton--a great sense of humor, given to some genuinely unique and interesting characters, and uses his good storytelling ability...I enjoyed it tremendously and think you will too." Gary, from Chicago. From Amazon.com Reviews *****THIS IS WHAT MADE THE 60s AND 70s FUN!: "I completely enjoyed this book. It falls in line with the Summer of 42, but for the boomer generation coming of age in the 60s and 70s..." Slowflarunner, from Florida From Amazon.com Reviews *****GREAT BOOK: "This book kept my interest on every page. Purenuts life is very intriguing, and it seems to reflect the life of a Milton Hershey student, at the time, accurately. Cant wait for From Kirkusreviews.com *****"Hughes is to be commended, and his book

recommended, for balancing its realism with its positive message." For the entire review visit this link: <https://www.kirkusreviews.com/search/?q=firefightin%27+sam&t=all> Chocolate is full of benefits. It makes people happy, it tastes delicious, it brings joy and is a wonderful gift for everyone. There is vegan chocolate, milk chocolate, chocolate with nuts, chocolate pralines, chocolate figures and many more. But it also contains a lot of calories and has a lot of fat and sugar. If you like chocolate and wants to lose some weight, you should get a notebook like this. Than this notebook might be perfect for your needs! The notebook contains 120 graph paper pages perfect as math book, sketchbook, workbook and diary and has a lot of space for all kinds of notes. With the size of 6x9 inches it fits in every bag. So you can use it in school, the university, in your job or at home. It is a great present for mothers day, a wonderful birthday gift, fathers day present, easter gift, christmas surprise, anniversary present, christmas gift and many more. Examples of use: diary agenda notebook weekly planner sketchbook creative logbook homework diary fitness diary / sports planner meal planner / food diary motivation diary achievement diary 6 minute diary / 5 minute diary Here comes John with his cocoa tree... Come on guys, it's not "John and the Beanstalk" (by Benjamin Tabart?). No, no. This cocoa tree that belongs to our John, the Calazans one, is an enchanted one and has already hugged him and all the other merry kids, who now have the opportunity to enjoy its sweet almonds. And that's how The Enchanted Cocoa Tree will proceed, without a witch's broom, healthy, beautiful, to smear all the kids in the world with culture and entertainment. After all, reading, just like chocolate, should be served three times a day. Ah, John Calazans, just like John and the Beanstalk, shared the magic seeds of the Cocoa Tree in exchange of knowledge, of happiness and the experiences of these children, and the seeds will sprout and give birth to giant stars to light up the sky. Allana and Giovanna have a lot to

smile about, to dream about, to be proud of this uncle that insert them in this fantasy world, flying on the wings of a giant hummingbird — or would it be of parrot's? Who knows!?

A magical book, an enchanted Cocoa Tree, and charming children. They require nothing else, other than flying among the wings of imagination of this storyteller, this great writer, Calazans; and this great friend, John.

From simple sweets to complex confections, create dazzling desserts with this beautifully illustrated chocolate cookbook from a baking "legend" (New Yorker). Maida Heatter is one of the most trusted and beloved cookbook authors of all time. Her recipes, each a modern classic, have inspired extraordinary bakers such as Dorie Greenspan, Christina Tosi, and David Lebovitz, whose foreword introduces the joy of baking with Maida to a new generation.

Throughout Maida's nearly 50-year career as a "genius" of baking (New York Times), one thing was constant: her passion for chocolate. She created hundreds of recipes for chocolate cakes, puddings, pies, cookies, and more. Now, *Chocolate Is Forever* collects her very best, most irresistibly chocolatey delights—including The World's Best Hot Fudge Sauce. Developed for foolproof baking by anyone, each of these nearly 100 recipes is written with Maida's warm but no-nonsense instructions and carries her guarantee that it will work perfectly every time. With recipes ranging from simple cupcakes and fudgy brownies to decadent flourless cakes, this book is a must-have in every chocolate-

lover's kitchen. Read Along or Enhanced eBook: Everyone loves chocolate, right? But how many people actually know where chocolate comes from? How it's made? Or that monkeys do their part to help this delicious sweet exist? This delectable dessert comes from cocoa beans, which grow on cocoa trees in tropical rain forests. But those trees couldn't survive without the help of a menagerie of rain forest critters: a pollen-sucking midge, an aphid-munching anole lizard, brain-eating coffin fly maggots—they all pitch in to help the cocoa tree survive. A secondary layer of text delves deeper into statements such as "Cocoa flowers can't bloom without cocoa leaves . . . and maggots," explaining the interdependence of the plants and animals in the tropical rain forests. Two wise-cracking bookworms appear on every page, adding humor and further commentary, making this book accessible to readers of different ages and reading levels. Back matter includes information about cocoa farming and rain forest preservation, as well as an author's note. Chocolate is full of benefits. It makes people happy, it tastes delicious, it brings joy and is a wonderful gift for everyone. There is vegan chocolate, milk chocolate, chocolate with nuts, chocolate pralines, chocolate figures and many more. But it also contains a lot of calories and has a lot of fat and sugar. Cacao is more commonly referred to as cocoa-a widely traded commodity that continues to be key to the economic and social development of some regions in the world like Côte d'Ivoire, Ghana, or Indonesia where most of the world's annual crop comes from. However, the importance of cocoa to contemporary society goes well beyond the areas where it is cultivated, mainly because without cocoa, there wouldn't be chocolate. Except for sugar or milk solids, cocoa contains all the components that make chocolate what it is, although not all in the right proportions. Cocoa butter, for example, makes up to 50% of the weight of dried cocoa beans and about 30% of regular dark chocolate (approx. 55% cocoa mass). In a galaxy where chocolate is literally addictive, one celebrity chef is fighting back, in the delicious sequel to *Free Chocolate* To save everyone she loves, Bo Bonitez is touring Zant, home of the murderous, shark-toothed aliens who so recently tried to eat her. In the midst of her stint as Galactic paparazzi princess, she discovers that Earth has been exporting tainted chocolate to the galaxy, and getting aliens hooked on cocoa. Bo must choose whether to go public, or just smile for the cameras and make it home alive. She's already struggling with her withdrawal from

the Invincible Heart, and her love life has a life of its own, but when insidious mind worms intervene, things start to get complicated! File Under: Science Fiction [Death by Chocolate | Can Cook, Will Cook | Galactic Promise | Addicted to Love] Chocolate is full of benefits. Best for crayon - colored pencils watercolor paints and very light fine tip markers Extra large size (8.5" x 11") Premium design Most people love chocolate. Did you know that chocolate comes from pods on cacao trees? Inside the pods there are cocoa beans. They are dried, roasted and crushed to get cocoa. Machines at the factory make chocolate for us to enjoy. Marcia Douglas, who was born in England and grew up in Jamaica, presents poems beginning with the image of the voicelessness of the country people who witness the coming of lights to Cocoa Bottom but have no one amongst them to record the event. Each poem has its own poignant individually, but there is also a powerful sense of architecture which runs through the collection. Mac OS X comes with an array of tools that make Macintosh programming easier and more accessible than ever before – and Cocoa is the hottest of these. Object oriented, featuring powerful frameworks and cool visual interface design capabilities, Cocoa provides you with programming skills you only could dream of a few years ago. With it, you can quickly create sophisticated applications for Mac OS X, complete with beautiful Aqua interfaces and advanced functionality. But getting started with Cocoa can be tricky, and you're going to need all the expert, hands-on advice and guidance you can get.

That's where this book comes in. Cocoa Programming For Dummies is your complete guide to mastering that powerful Mac development tool. Full of fast and easy projects for designing, developing, and deploying rich new applications with Cocoa, it gets you up and running, in no time, with what you need to: Master the Cocoa API Get the most out of AppKit Framework and Foundation Get a handle on Objective-C programming Use advanced graphics features Program file management features Develop Web-friendly applications Create hot multimedia effects Build a movie player Cocoa Programming For Dummies lets you explore Cocoa programming by doing it. Each chapter guides you through the process of creating at least one simple application illustrating the features covered in it. Erick Tejkowski walks you through: Six simple steps to creating Cocoa applications Project Builder, Interface Builder, FileMerge, IconComposer, PackageMaker and other utilities Programming in Objective-C Manipulating, editing and saving text, and changing text styles Using graphics, managing files, and printing with Cocoa Interacting with the Web and sending e-mail from a Cocoa application Loading and playing sound files and building an audio player Watching movies with Cocoa Building document-based applications using AppleScript The easy way to start cooking up hot new Macintosh applications with Cocoa, Cocoa Programming For Dummies puts you in control of all of Mac OS X's awesome object-oriented programming capabilities. Pierre Marcolini is Belgium's most acclaimed chocolatier, and his lavishly illustrated tribute to the joy of chocolate has been an international best-seller in French. Now available in English, he reveals trade secrets of the art of fine chocolate making that will inspire home bakers and chocolate lovers alike.
