Experience the rise and fall of mankind through a series of events that ultimately lead to a tragic end. Encourage students to make connections between the novel and real life through discussion questions and writing prompts. Students brainstorm the different themes that may be presented prior to reading the novel. Use evidence from the text to explain how Nick describes Myrtle's sister. Complete sentences from the story with their missing vocabulary words. Research the real-life scandal of the 1919 World Series touched on in the novel, and explain the social and cultural impacts this event had in the United States. Pick up Nick's story five years after the events in the novel and discuss where Nick would be and what he would be doing. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: The Great Gatsby, written by F. Scott Fitzgerald, is a story about a man prospering from the Jazz Age, and his inevitable

downfall. Told through the eyes of Nick Carraway, we are introduced to his mysterious neighbor—Jay Gatsby—who spends every evening throwing lavish parties. One such night, Nick is extended an invitation. There, we learn of Gatsby's intention of using Nick to facilitate a reunion between Gatsby and his lost love, Daisy Buchanan. Daisy, who lives across the lake in the house with the green light at the end of the dock, also happens to be Nick's cousin. Daisy and Gatsby's reunion leads to a tragic love affair that changes the lives of each character forever. In 1922, F. Scott Fitzgerald announced his decision to write "something new--something extraordinary and beautiful and simple + intricately patterned." That extraordinary, beautiful, intricately patterned, and above all, simple novel became The Great Gatsby, arguably Fitzgerald's finest work and certainly the book for which he is best known. A portrait of the Jazz Age in all of its decadence and excess, Gatsby captured the spirit of the author's generation and earned itself a permanent place in American mythology. Self-made, self-invented millionaire Jay Gatsby embodies some of Fitzgerald's--and his country's--most abiding obsessions: money, ambition, greed, and the promise of new beginnings. "Gatsby believed in

the green light, the orgiastic future that year by year recedes before us. It eluded us then, but that's no matter--tomorrow we will run faster, stretch out our arms farther.... And one fine morning--" Gatsby's rise to glory and eventual fall from grace becomes a kind of cautionary tale about the American Dream. It's also a love story, of sorts, the narrative of Gatsby's quixotic passion for Daisy Buchanan. The pair meet five years before the novel begins, when Daisy is a legendary young Louisville beauty and Gatsby an impoverished officer. They fall in love, but while Gatsby serves overseas, Daisy marries the brutal, bullying, but extremely rich Tom Buchanan. After the war, Gatsby devotes himself blindly to the pursuit of wealth by whatever means--and to the pursuit of Daisy, which amounts to the same thing. "Her voice is full of money," Gatsby says admiringly, in one of the novel's more famous descriptions. His millions made, Gatsby buys a mansion across Long Island Sound from Daisy's patrician East Egg address, throws lavish parties, and waits for her to appear. When she does, events unfold with all the tragic inevitability of a Greek drama, with detached, cynical neighbor Nick Carraway acting as chorus throughout. Spare, elegantly plotted, and written in crystalline prose, *The Great Gatsby* is as perfectly satisfying as the best kind of poem. *The Great Gatsby* is a 1925 novel by American writer F. Scott Fitzgerald. Set in the Jazz Age

on Long Island, near New York City, the novel depicts first-person narrator Nick Carraway's interactions with mysterious millionaire Jay Gatsby and Gatsby's obsession to reunite with his former lover, Daisy Buchanan. Common Core's English resources empower educators to meet the expectations of the Common Core State Standards (CCSS) for English Language Arts (ELA) and build essential content knowledge for students in grades 9-12. Each grade in *The Wheatley Portfolio* features a comprehensive, coherent sequence of thematic units that engage students in deep study of worthwhile texts and topics. Features of this book include: Six thematic units for each grade, each centered on a curated collection of literary and informational texts Focus standards for each unit that complement the topic and promote student mastery of essential literacy skills Suggested texts and activities to incorporate science, art, and history into English instruction This revised second edition includes a sample text study that guides students through a close read of an exemplary text, updated web resources, and refreshed suggested works. Educators who create their curriculum based on Common Core's *Wheatley Portfolio* guarantee that students are exposed to content-rich instruction and have ample opportunity to master the reading, writing, speaking, listening, and language skills articulated in the CCSS for ELA. Following Common Core Standards, this

lesson plan for F. Scott Fitzgerald's, "*The Great Gatsby*" is the perfect solution for teachers trying to get ideas for getting students excited about a book. BookCaps lesson plans cover five days worth of material. It includes a suggested reading schedule, discussion questions, essay topics, homework assignments, and suggested web resources. This book also includes a study guide to the book, which includes chapter summaries, overview of characters, plot summary, and overview of themes. Both the study guide and the lesson plan may be purchased individually; buy as a combo, however, and save. Narrative is an important element in our daily life and the novel is arguably the most popular genre of our times. The theory of narrative or narratology, which was developed in the 1960s, has helped us towards a better understanding of the how and why of narrative. *Narratology and Classics* is the first introduction to narratology that deals specifically with classical narrative: epic, historiography, biography, the ancient novel, but also the many narratives inserted in drama or lyric. The first part of the volume sketches the rise of narratology, and defines key narratological terms, illustrated with examples from both modern novels and Greek and Latin texts. Among the topics discussed are the identity of the role of narrator and narratees, tales within tales, metalepsis, temporal devices such as prolepsis and analepsis, retardation and

acceleration, repetition and gaps, focalisation, and the thematic, symbolic, or characterising functions of space. The second part of the volume offers three close readings of famous classical texts and shows how the interpretation of these texts can be enriched by the use of narratology. The aim of this practical guide is to initiate its readers quickly into a literary theory that has established itself as a powerful new instrument in the classicist's toolkit. All concepts are clearly defined and illustrated from Greek and Latin texts, and detailed bibliographies at the end of each chapter point the way to theoretical studies and to further narratological studies of classical texts. F.S. Fitzgerald was an American writer, whose works illustrate the Jazz Age. The Great Gatsby, Fitzgerald's third book, stands as the supreme achievement of his career. Being acclaimed by generations of readers, the story of the fabulously wealthy Jay Gatsby and his love for the beautiful Daisy Buchanan remains one of the most famous Fitzgerald's works. It is an exquisitely crafted tale of America in the 1920s. All the Sad Young Men is a wonderful short-story collection. It contains two of the most famous tales: the beautifully elegiac «The Rich Boy» and «Winter Dreams», dealing with wealthy protagonists as they come to terms with lost love and «Absolution», a boy's confession to a priest. These Proceedings represent the work of contributors to the 14th European Conference on

e-Learning, ECEL 2015, hosted this year by the University of Hertfordshire, Hatfield, UK on 29-30 October 2015. The Conference and Programme Co-Chairs are Professor Amanda Jefferies and Dr Marija Cubric, both from the University of Hertfordshire. The conference will be opened with a keynote address by Professor Patrick McAndrew, Director, Institute of Educational Technology, Open University, UK with a talk on "Innovating for learning: designing for the future of education." On the second day the keynote will be delivered by Professor John Traxler, University of Wolverhampton, UK on the subject of "Mobile Learning - No Longer Just e-Learning with Mobiles." ECEL provides a valuable platform for individuals to present their research findings, display their work in progress and discuss conceptual advances in many different branches of e-Learning. At the same time, it provides an important opportunity for members of the EL community to come together with peers, share knowledge and exchange ideas. With an initial submission of 169 abstracts, after the double blind, peer review process there are 86 academic papers, 16 Phd Papers, 5 Work in Progress papers and 1 non academic papers in these Conference Proceedings. These papers reflect the truly global nature of research in the area with contributions from Algeria, Australia, Austria, Belgium, Botswana, Canada, Chile, Coventry, Czech Republic, Denmark, Egypt,

England, Estonia, France, Germany, Ireland, Japan, Kazakhstan, New Zealand, Nigeria, Norway, Oman, Portugal, Republic of Kazakhstan, Romania, Saudi Arabia, Scotland, Singapore, South Africa, Sweden, the Czech Republic, Turkey, Uganda, UK, United Arab Emirates, UK and USA, Zimbabwe. A selection of papers - those agreed by a panel of reviewers and the editor will be published in a special conference edition of the EJEL (Electronic Journal of e-Learning www.ejel.org). This astute guide to the literary achievements of Americannovelists in the twentieth century places their work in its historical context and offers detailed analyses of landmark novels based on a clearly laid out set of tools for analyzing narrative form. Includes a valuable overview of twentieth- and early twenty-first century American literary history Provides analyses of numerous core texts including The Great Gatsby, Invisible Man, The Sound and the Fury, The Crying of Lot 49 and Freedom Relates these individual novels to the broader artistic movements of modernism and postmodernism Explains and applies key principles of rhetorical reading Includes numerous cross-novel comparisons and contrasts The Great Gatsby is a 1925 novel by American writer F. Scott Fitzgerald. Set in the Jazz Age on Long Island, the novel depicts narrator Nick Carraway's interactions with mysterious millionaire Jay Gatsby and Gatsby's obsession

to reunite with his former lover, Daisy Buchanan A fascinating look at the stories behind the dedications of 50 literary classics. Mary Shelley dedicated Frankenstein to her father, her greatest champion. Charlotte Brönte dedicated Jane Eyre to William Makepeace Thackeray for his enthusiastic review of the book's first edition. Dostoyevsky dedicated The Brothers Karamazov to his typist-turned-lover Anna Grigoyevna. And, as this collection's title indicates, F. Scott Fitzgerald dedicated his masterpiece The Great Gatsby to his wife Zelda. Often overlooked, a novel's dedication can say much about an author and his or her relationship to the person for whom the book was consecrated. Once Again to Zelda explores the dedications in fifty iconic books that are an intrinsic part of both literary and pop culture, shedding light on the author's psyche, as well as the social and historic context in which the book was first published. Weaving from jargon-free critical analysis to a fan's passionate participatory research, this book places work and class at the center of the work of Bruce Springsteen. It juxtaposes the "uninspiring" work of his characters (factory workers, carwash attendants, cashiers, waitresses, farmhands, and immigrants) with the work of Bruce Springsteen himself as an indefatigable musician and performer. Springsteen is the hunter of invisible game, the teller of second-hand lives of common folks who ride used cars, believe that being born in

the USA entitles them to something better, and keep the dream alive even when it turns into a lie or a curse, because what counts is dignity, the spirituality and the imagination of the dreamer, and the life-giving power of rock and roll. This book will appeal both to common readers and fans, and to scholars in fields such as sociology, history, music, cultural studies, and literature. This book explores the parallel concepts in Architecture and Literature where writers are the architects of language, designing their narratives brick by brick, and giving care and consideration to each individual word as well as their collective purpose and meaning. Bridglall examines Hass, Fitzgerald, Faulkner, Hemingway, amongst many others. How do you teach classic works of literature in school? This book provides five day lesson plans for over a half-dozen of greatest books. To Kill a Mockingbird, The Great Gatsby, Adventures of Huckleberry Finn, Lord of the Flies, The Outsiders, The House of Mango Street, Great Expectations, and The Color Purple. Each lesson plan may also be purchased separately. Welcome to the 3 Books To Know series, our idea is to help readers learn about fascinating topics through three essential and relevant books. Franz Kafka - The Great Gatsby by F. Scott Fitzgerald - Ulysses by James Joyce The Metamorphosis (German: Die Verwandlung) is a novella written by Franz Kafka which was first published in 1915. One of Kafka's best-known works, The Metamorphosis tells the story of salesman Gregor Samsa who wakes one morning to find himself inexplicably transformed into a huge insect and subsequently struggling to adjust to this new condition. The novella has been widely discussed among literary critics, with differing interpretations being offered. The Great Gatsby is a 1925 novel written by American author F. Scott Fitzgerald that follows a cast of characters living in the fictional towns of West Egg and East Egg on prosperous Long Island in the summer of 1922. The story primarily concerns the young and mysterious millionaire Jay Gatsby and his quixotic passion and obsession with the beautiful former debutante Daisy Buchanan. Considered to be Fitzgerald's magnum opus, The Great Gatsby explores themes of decadence, idealism, resistance to change, social upheaval, and excess, creating a portrait of the Roaring Twenties that has been described as a cautionary tale regarding the American Dream. Ulysses is a modernist novel by Irish writer James Joyce. It was first serialised in parts in the American journal The Little Review from March 1918 to December 1920 and then published in its entirety in Paris by Sylvia Beach on 2 February 1922, Joyce's 40th

birthday. It is considered to be one of the most important works of modernist literature and has been called "a demonstration and summation of the entire movement." According to Declan Kiberd, "Before Joyce, no writer of fiction had so foregrounded the process of thinking". This is one of many books in the series 3 Books To Know. Scott Fitzgerald produced his third novel, a slim work for which he had high expectations. Despite such hopes, the novel received mixed reviews and lackluster sales. Over the decades, however, the reputation of *The Great Gatsby* has grown and millions of copies have been sold. One of the bestselling novels of all time, it is also considered one of the most significant achievements in twentieth-century fiction. But what makes Gatsby great? Why do we still care about this book more than eighty-five years after it was published? And how does Gatsby help us make sense of our own lives and times? In *Gatsby: The Cultural History of the Great American Novel*, Bob Batchelor explores the birth, life, and enduring

influence of *The Great Gatsby*—from the book’s publication in 1925 through today’s headlines filled with celebrity intrigue, corporate greed, and a roller-coaster economy. A cultural historian, Batchelor explains why and how the novel has become part of the fiber of the American ethos and an important tool in helping readers to better comprehend their lives and the broader world around them. A “biography” of F. Scott Fitzgerald’s masterpiece, this book examines *The Great Gatsby*’s evolution from a nearly-forgotten 1920s time capsule to a revered cultural touchstone. Batchelor explores how this embodiment of the American Dream has become an iconic part of our national folklore, how the central themes and ideas emerging from the book—from the fulfillment of the American Dream to the role of wealth in society—resonate with contemporary readers who struggle with similar uncertainties today. By exploring the timeless elements of reinvention, romanticism, and relentless pursuit of the unattainable, Batchelor confirms the novel’s status as “The Great American Novel” and, more importantly, explains to students, scholars, and fans alike what makes *Gatsby* so great. by F. Scott Fitzgerald - Washington Square by Henry James - Knickerbocker's History of New York by Washington Irving The Great Gatsby is a 1925 novel written by American author F. Scott Fitzgerald that follows a cast of characters living in the fictional towns of West Egg and East Egg on prosperous Long Island in the summer of 1922. The story primarily concerns the young and mysterious millionaire Jay Gatsby and his quixotic passion and obsession with the beautiful former debutante Daisy Buchanan. Washington Square is a short novel by Henry James. Originally published in 1880 as a serial in Cornhill Magazine and Harper's New Monthly Magazine, it is a structurally simple tragicomedy that recounts the conflict between a dull but sweet daughter and her brilliant, unemotional father. The plot of the novel is based upon a true story told to James by his close friend, British actress Fanny Kemble. Irving completed A History of New-York from the Beginning of the World to the End of the Dutch Dynasty, by Diedrich Knickerbocker. It was his first major book and a satire on self-important local history and contemporary politics. Before its publication, Irving started a hoax by placing a series of missing person advertisements in New York newspapers seeking information on Diedrich Knickerbocker, a crusty Dutch historian who had allegedly gone missing from his hotel in New York City. This is one of many books in the series 3 Books To Know. If you liked

this book, look for the other titles in the series, we are sure you will like some of the topics In The Next Enlightenment, Walter Truett Anderson treats Eastern spiritual traditions and Western philosophy, psychology and science as steps along the same evolutionary path rather than as completely separate and incompatible schools of thought. In the opening chapters, he looks at five different "Liberation Movements" that emerged in the modern world: the eighteenth century European Enlightenment; the nineteenth century upheaval resulting from the publication of Darwin's Origin of Species; and in the twentieth century, existentialism, psychoanalysis, and the human potential movement of the 1960s and 1970s. He then argues that this century's next surge of thought and action will regard the exploration of the physical universe and the study of human consciousness as two sides of the same coin, and equally important, come to understand personal enlightenment as a natural process of growth rather than a supernatural gift bestowed upon a chosen few. Elegantly argued and written with a sense of humor, The Next Enlightenment offers a refreshing vision of how the ancient quest for enlightenment is taking on new life in a rapidly-changing, globalizing world. A critical reading of Fitzgerald's novel and discussions of the work's influence, historical context, and critical reception. This

collection compiles the works on which the fame of one of the most fascinating writers of the twentieth century was built. Francis Scott Fitzgerald became a mouthpiece for ideas and expressed the spiritual moods bubbling amongst the young people during the 1920s. Fitzgerald, in the words of Amory from This Side of Paradise (1920), wrote that a generation had "grown up to find all God's dead, all wars fought, all faiths in man shaken". Fitzgerald was the first to tell the world about the commencement of the "jazz age" with its carnival approach towards life- a lifestyle which he also followed. However, as a sensitive artist, he could not help but notice the dualistic nature of this philosophy. Fitzgerald's writing demonstrated that a life spent at the carnival would inevitably lead to bankruptcy. Fitzgerald often worked on multiple short stories simultaneously while writing his novels. Later, these stories were compiled. His relationship and love for his wife Zelda fueled much of his writing. Her diagnosis and hospitalization for schizophrenia in 1930 affected him greatly. In his later years, Fitzgerald worked in Hollywood on movie scripts. His last novel, The Last Tycoon, remained unfinished at the time of his death in 1940 and reflected his Hollywood experiences. Russet Witch! The Lees of Happiness Mr. Icky Jemina, The Mountain Girl This groundbreaking volume maps the shifting place and function of marvelous transformations from antiquity to the present day. Shape-shifting, taking animal bodies, miracles, transubstantiation, alchemy, and mutation recur and echo throughout ancient and modern writing and thinking and continue in science fiction today as tales of gene-splicing and hybridisation. The idea of metamorphosis lies in uneasy coexistence with orderly world views and it is often cast out, or attributed to enemies. Augustine and the church fathers consider shape-shifting ungodly; Enlightenment thinkers suppress alchemy as unscientific; genetically-modified wheat and stem-cell research are stigmatised as unnatural. Yet the very possibility of radical transformation inspires hope just as it frightens. A provocative, theorising, trans-historical history, this book ranges across classics, literature, history, philosophy, theology and anthropology. From Homer and Ovid to Proust and H. P. Lovecraft and through figures from Proteus to Kafka's Fly and to Spiderman, four historical surveys are combined with nine case studies to show the malleable, yet persistent, presence of transformation throughout Western cultural history. Presents critiques of four works of the American author and guides readers through the process of analyzing his writing from different critical angles,

including Marxist and feminist viewpoints. Fans of the The Learning Challenge who want ready-to-use lessons for their secondary ELA classrooms need not look any further. This book provides teachers with everything they need to run dialogue-driven challenges so that students engage more deeply and develop literary skills critical to ELA standards. Students will analyze texts in lessons grounded in cognitive conflicts such as To be successful you cannot fail, but most successful people have experienced many failures along the way (Lesson 7: Was Jay Gatsby a success?) Love is impossible to define, and yet everyone knows what love is (Lesson 11: Is Romeo really in love?) В книге представлены романы американского писателя Ф. С. Enter Stuyvesant High, one of the most extraordinary schools in America, a place where the brainiacs prevail and jocks are embarrassed to admit they play on the woeful football team. Academic competition is so intense that students say they can have only two of these

three things: good grades, a social life, or sleep. About one in four Stuyvesant students gains admission to the Ivy League. And the school's alumni include several Nobel laureates, Academy Award winners, and luminaries in the arts, business, and public service. A Class Apart follows the lives of Stuyvesant's remarkable students, such as Romeo, the football team captain who teaches himself calculus and strives to make it into Harvard; Jane, a world-weary poet at seventeen, battling the demon of drug addiction; Milo, a ten-year-old prodigy trying to fit in among high-school students who are literally twice his size; Mariya, a first-generation American beginning to resist parental pressure for ever-higher grades so that she can enjoy her sophomore year. And then there is the faculty, such as math chairman Mr. Jaye, who is determined not to let bureaucratic red tape stop him from helping his teachers. He even finds a job for a depressed math genius who lacks a college degree but possesses the gift of teaching. This is the story of the American dream, a New York City school that inspires immigrants to come to these shores so that their children can attend Stuyvesant in the first step to a better life. It's also the controversial story of elitism in education. Stuyvesant is a public school, but children must pass a rigorous entrance exam to get in. Only about 3 percent do so, which, Stuyvesant students and faculty point out, makes admission to their high school

tougher than to Harvard. On the eve of the hundredth anniversary of Stuyvesant's first graduating class, reporter Alec Klein, an alumnus, was given unfettered access to the school and the students and faculty who inhabit it. What emerges is a book filled with stunning, raw, and heartrending personalities, whose stories are hilarious, sad, and powerfully moving. Alem is on holiday with his father for a few days in London. He has never been out of Ethiopia before and is very excited. They have a great few days together until one morning when Alem wakes up in the bed and breakfast they are staying at to find the unthinkable. His father has left him. It is only when the owner of the bed and breakfast hands him a letter that Alem is given an explanation. Alem's father admits that because of the political problems in Ethiopia both he and Alem's mother felt Alem would be safer in London - even though it is breaking their hearts to do this. Alem is now on his own, in the hands of the social services and the Refugee Council.
