In this introduction to natural-base music theory, Ernst Levy presents the essentials of a comprehensive, consistent theory of harmony developed from tone structure. A Theory of Harmony is a highly original explanation of the harmonic language of the last few centuries, showing the way toward an understanding of diverse styles of music. Basic harmony texts exist, but none supply help to students seeking threads of logic in the field. In a text abundantly illustrated with musical examples, Levy makes clear the few principles that illuminate the natural forces in harmony. He shows that general principles can be successfully extracted from the wealth of examples. This book actually provides a theory of harmony. One of the major musical minds of the twentieth century, Ernst Levy was born in Basel, Switzerland, in 1895. His musical career spanned more than seven decades, from his first public piano performance at age six. A

naturalized U.S. citizen, he lived here from 1941 to 1966, teaching at the New England Conservatory, the University of Chicago, Bennington College, the Massachusetts institute of Technology, and Brooklyn College. After his retirement, Levy returned to Switzerland where he continued to compose until his death in 1981. He was an enormously productive composer, with hundreds of works to his credit including symphonies, string quartets, songs in English, French, and German, and music for solo instruments and small ensembles. His piano recordings, particularly of the last Beethoven sonatas and the Liszt sonata, have become collectors' items. He thought of himself as a successor to Reimann, immediately, and Rameau, more remotely. St. John narrates this journey of the soul, which requires death to self and detachment from the world. In a stepbystep process, he shows how God can use this dark night to eventually bring our human spirits into great illumination, revealing: Divine wisdom and the passion of divine love. How the soul can walk securely through the darkness and the wonderful effects that are wrought in the believer as a result of the dark night. Includes CD of selected excerpts from book. Saint John of the Cross (15421591) was a poet, priest, philosopher, and mystic who helped to bring about reform within the Roman Catholic Church during the sixteenth century. A member of the Carmelite Order, he worked diligently with Saint Teresa of Avila to return their order to its proper foundation, a deep devotion to Jesus Christ. As a result of their efforts, John was imprisoned. Central to Saint Johns beliefs are the death of the selflife, the mortification of the flesh, and overcoming the devil, the world, and all temptations so that the soul can be completely united to God and His love. More than simply coloring regions of a tangle design, this book offers lessons which enable even the novice artist to use a brush pen to color 48 delightful Zentangle animals, plants and flowers. The continuation of the Rhyn Trilogy saga. Death Finds Love. Recently appointed as Death, Gabriel's life can't get much worse. His underworld is in shambles, and he's racing demons to collect souls in the human world. To add to his mess, he discovers that his predecessor raised an unwelcome Immortal from the dead, one who threatens the Immortal Council that his friend, the Ancient Rhyn, is trying to hold together. When the underworld shuts Gabriel out, he's convinced he's hit rock bottom. Until he meets her, and he realizes things can get worse. Much worse. Now in human form, Deidre - Gabriel's predecessor and long-time tormenter - is dying from a brain tumor. Rather than mourn, she decides to enjoy the rest of her short life by checking off every box on her bucket list. Little does she suspect that a weekend getaway to the beach will throw her into the hands of Death himself and overturn everything she knows about her world. Deidre has no idea who she was in her past life, but she must learn fast, or she'll never understand why the Immortals, demons and Death alike are after her. The secret is buried in her head, and the

only way to uncover it will kill her. To survive, she must reach the wounded man behind the mask of Death and show him that the world is filled with more than tragedy and pain. The finale to the darkly hypnotic Bargainer series! There are worse things than death. Things that lurk in the shadows and slip into your dreams. Things that have no business existing. Things that once slept... but have now awoken. For Callypso Lillis, the fae magic that now runs through her veins is equal parts curse and good fortune. For the very thing that bonds her to Desmond Flynn, the King of the Night, also makes her vulnerable to the Thief of Souls, a man who wants to break the world... and Callie along with it. But it's not just the Thief whose shadow looms over the Otherworld. Des's father is back from the dead, and he wants revenge on the son who sent him to the grave in the first place. Des and Callie must figure out how to stop both men, and time is running out. Because there are forces at play working to tear the lovers apart once and for all... and unfortunately for them, death is no longer the worst thing to fear. Welcome to Harmony—where the rules are a little different. Life is tough these days for Lydia Smith, licensed para-archaeologist. Seriously stressed-out from a nasty incident in an alien tomb, she is obliged to work part-time in Shrimpton's House of Ancient Horrors, a very low-budget museum. She has a plan to get her career back on track, but it isn't going well. Stuff keeps happening. Take the dead body that she discovered in one of the sarcophagus exhibits. Who needed that? Finding out that her new client, Emmett London, is one of the most dangerous men in the city isn't helping matters either. And that's just today's list of setbacks. Here in the shadows of the Dead City of Old Cadence, things don't really heat up until After Dark. Includes a preview of Jayne Castle's Rainshadow Novel DECEPTION COVE This is a self-help book with soul. Soul is not something we have, soul has to do with what we are, with inner quality, not outward expression or success or achievement. Soul is not about getting happiness, but about dwelling in melancholic enjoyment. The way of soul is a middle way between sensualism or materialism (consumerism) on one hand and effete spirituality and religiosity, or abstract modes of reflection including philosophizing and theologizing, on the other. We see soul alive in art and hear it in good music and we sing along with it in our favorite songs. Soul is not spirit or an idea, it is sensibility. Finding harmony has to do with developing sensibility, which we need to be able to distinguish from being religious, having ideas and beliefs, purpose-driven living, self-help techniques, and so on. Soul is deadened by techniques, tech-speak, and method, because soul is tied to creativity and inspiration and the power of now. With this book I hope to open my readers to soul and soulfulness as the primary business of life. Sista Love was a chart-topping girl group that had it all—fame, fortune and failure. Harmony, Melody, and Lyric haven't seen each other since their group broke up three years ago, but when tragedy strikes, the sisters have no choice but to face each other again. Harmony retreated from the limelight and lives a modest life in the suburbs with her new husband, an ex-child star and recovering drug addict. Harmony wants nothing more than to be a wife and mother, but when news of her mother's sudden death forces

Harmony and her sisters back together, she will have to confront a painful past that she tried desperately to leave behind. Melody abandoned her sisters for a solo career and is now a wealthy mega-star who tours the world, buys whatever her heart desires, and lives in the spotlight. The world loves her and her fans worship her. She usually stops at nothing to get what she wants. Just as she gets set to kick off her 1 Night Stand Tour, news of her mother's death derails her plans and forces her to confront the one thing all of her money can't erase—her sisters and her past. Lyric has been reduced to a D-list celebrity trying to make it back to the top. She lives for the rush of the nightlife and would do anything for attention. When she gets word of her mother's death, Lyric's painful past and an unwanted reunion with her sisters send her spiraling out of control. Will the Love sisters let their past hurt, lies, and deceit destroy them, or will they manage to put it all behind them and be a family once and for all? Gouden Zoon is het tweede deel van de Mars Trilogie van bestsellerauteur Pierce Brown. En het vervolg op Rood. Gouden Zoon is het tweede deel van de Mars Trilogie van bestsellerauteur Pierce Brown. En het vervolg op Rood, de meedogenloos spannende sensatie die doet denken aan De Hongerspelen van Suzanne Collins en Enders Game van Orson Scott Card. Als Rode groeide Darrow op in de mijnen diep onder de oppervlakte van Mars, waar hij elke dag slopend werk deed om aan een toekomst te bouwen voor zijn nakomelingen. Maar de Gemeenschap waarvoor hij zo trouw werkte was gebouwd op leugens. Darrows mensen zijn verraden door hun eigen meesters, de Gouden - en hun enige weg naar vrijheid is een revolutie. En dus offerde Darrow zichzelf op in naam van het grote goed voor wie Eo, zijn ware liefde en inspiratie, haar eigen leven gaf. Hij werd een Gouden, en infiltreerde in hun bevoorrechte rijk om het van binnenuit te vernietigen. Als een lam tussen de wolven vindt Darrow vriendschap, respect en zelfs liefde - maar ook de toorn van machtige tegenstanders. Om een oorlog te voeren én te winnen die het lot van de complete mensheid kan veranderen, moet Darrow verraders confronteren, zijn honger naar wraak onderdrukken - en streven naar een hoopvolle wederopleving in plaats van een gewelddadige opstand. Hoewel de reis vooruit vol gevaar en misleiding is, moet Darrow ervoor kiezen Eo's principes van liefde en gerechtigheid te volgen om zijn volk te kunnen bevrijden. Hij moet voor iets hogers leven. 'Ga naar huis Katniss! Er is een nieuwe ster aan de hemel verschenen!' Monique Manshanden van boekhandel Plukker 'Dit is een veel beter vervolg, sterker nog: een van die zeldzame boeken die alles van zijn voorganger verbetert... In een woord, Gouden Zoon is: opwindend.' Tor.com 'Pierce Brown is een wonderkind. Hoe goed het eerste boek van de Mars Trilogie ook is, Gouden Zoon is nog beter. Een wilde rit vol spanning, intrige, en serieuze, ruige gevechten. Ik wil meer!' the energy and excitement of the city itself, while celebrating New York as both a place and an idea. Rev. ed. of: The Guinness encyclopedia of popular music. 2nd ed. 1995. Individual entries on over 400 of the world's most renowned and accomplished living performers, composers, conductors, and band leaders in musical genres from opera to hip-hop. By applying philosophical and historical perspectives to drawing instruction, this volume demonstrates how diverse teaching methods contribute to cognitive and holistic development applicable within and beyond the visual arts. Offering a new perspective on the art and science of drawing, this text reveals the often-unrecognized benefits that drawing can have on the human mind, and thus argues for the importance of drawing instruction despite, and even due to contemporary digitalization. Given the predominance of visual information and digital media, visual thinking in and through drawing may be an essential skill for the future. As such, the book counters recent declines in drawing instruction to propose five Paradigms for teaching drawing - as design, as seeing, as experience and experiment, as expression, and as a visual language - with exemplary curricula for pre-K12 art and general education, pre-professional programs across the visual arts, and continuing education. With the aid of instructional examples, this volume dispels the misconception of drawing as a talent reserved for the artistically gifted and posits it as a teachable skill that can be learned by all. This text will be of primary interest to researchers, scholars, and doctoral students with interests in drawing theory and practice, cognition in the arts, positive psychology, creativity theory, as well as the philosophy and history of arts education. Aligning with contemporary trends such as Design Thinking, STEAM, and Graphicacy, the text will also have appeal to visual arts educators at all levels, and other educators involved in arts integration. An Expanded, Interpretative Paraphrase of a Chronological Harmony of the Four Gospels, with Cross References, Supplementary Notes, and Indexes "This handsome publication, which accompanies a major exhibition at The Metropolitan Museum of Art, is a lively and engaging account of the artistic scene in Paris in the 1860s, the years that witnessed the beginnings of Impressionism. For the first time the interactions and relationships among the group of painters who became known as the Impressionists are examined without the overworn art historical polarities commonly evoked: academic versus avant-garde, classicist versus romantic, realist versus impressionist. A host of strong personalities contributed to this history, and their style evolved into a new way of looking at the world. These artists wanted above all to give an impression of truth and to have an impact on or even to shock the public. And they wanted to measure up to or surpass their elders. This complex and rich environment is presented here - the grand old men and the young

turks encounter each other, the Salon pontificates, and the new generation moves fitfully ahead, benignly but always with determination." "Origins of Impressionism gives a day-by-day, year-by-year study of the genesis of an epoch-making style." "Bibliographies and provenances are provided for each of the almost two hundred works in the exhibition, and there is an illustrated chronology. With more than two hundred superb colorplates, this informative survey is an essential work for both the general reader and the scholar."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved Brandon Sanderson - Wet van Staal Driehonderd jaar na de gebeurtenissen in Sandersons trilogie over de Nevelmensen is de wereld van Kelsier, Vin en de andere skaa flink veranderd. Wetenschap en technologie hebben een enorme ontwikkeling doorgemaakt, en de steden zijn nu moderne samenlevingen met spoorwegen, elektrisch licht en zelfs de eerste stalen wolkenkrabbers. Maar ondanks al deze voordelen spelen Ertsmagie en Ferrochemie nog steeds een belangrijke rol in het herboren land. Ver voorbij de grenzen van het koninkrijk is de magie noodzakelijk voor hen die orde en gerechtigheid proberen te herstellen in de Ruigte. Zo iemand als Waxillium Ladrian, een Nevelmens die metaal kan duwen met Ertsmagie én zijn lichaam kan beïnvloeden met Ferrochemie. Na twintig jaar in de Ruigte te hebben gewoond, is het tijd voor Wax om zijn wapens neer te leggen en zijn rol als Lord van een van de grote Huizen aan te nemen. Maar hij leert al snel dat de elegante straten van de stad net zo verraderlijk kunnen zijn als de droge steppes van de Ruigte. Brandon Sanderson staat al jaren op het lijstje van de beste fantasy-auteurs van het moment. Een eer die werd onderbouwd toen hij werd uitgekozen om Het Rad des Tijds, het meesterwerk van de in 2007 overleden Robert Jordan, te voltooien. De Wet van Staal is de eerste in een reek stand-alone verhalen uit de wereld van Sandersons geheimzinnige Nevelmensen.
