[The Invisible College of Magic](#) Dec 19 2022 The Invisible College of Magic is the multiverse's finest educational institution for wizards. That doesn't mean its students don't have time for plenty of extracurricular activities which is mostly sex. A shapeshifter. An enchantress. A centaur. A half-demon. A fire wizard. An earth wizard. All of them magical and all of them lusty for the kinkiest sex in the Invisible College of Magic. They're all being hunted by a mysterious predator while they carefully study the strangest of phenomenon: sex in every possible kinky permutation. Tom "Shifty" Variieg is a natural shapeshifter who is intent on bedding as many fellow students as possible. It doesn't matter to him if they are human, demihuman, or something else entirely. Since he's willing to change himself to suit the

needs of his lovers, he's always in high demand. But his shapeshifting can get him in more trouble than he anticipates. This is a 42,000 word novelette intended for adult audiences. Originally published in four parts. Content warning: This story features graphic sex, human-centaur sex, lesbian sex, sexual deviance, sexual hijinks, sex magic, sex with multiple partners, gay sex, and explicit depictions of adult sexuality that not all members of the public will enjoy. Excerpt: "Do you know what I'm thinking?" She rolled her big, beautiful brown eyes at him. "That's telepathy, not precog or premonition. And I can tell what you'll be doing in about five minutes." "Oh? What's that?" "You're going to be having sex with me." Shifty knew an invitation when he heard one. He stepped close to Estelle and kissed her. She eagerly kissed back as he pulled at her vest. The buttons came open quickly and easily, allowing him to cup the centaur's breasts. Shifty slid one hand down her back, looking to grope her bottom, but instead encountered her very equine withers. It caused him to pull back from her kiss. "What's the matter?" asked Estelle, already knowing the answer and a bit angry at it. "Nothing! I've just never done this with a centaur before." She smirked. "And I've never done this with a human boy before. So what? You going to leave?" "Of course not!" he protested, offended that she'd think he'd give up a chance at pussy. Shifty didn't discriminate between human and centaur. It was all good to him and he was always willing to try a new experience. "Then why did you stop kissing me?" "I wanted to ask if you something very...personal."

edition • Explores magical practices and beliefs from their origins in the ancient world through the heyday of secret societies in the 18th century In the occult classic *The Mirror of Magic*, renowned Surrealist Kurt Seligmann (1900-1962) draws from his encyclopedic practitioner's knowledge and extensive antiquarian collection to offer a comprehensive, illustrated history of magic and the occult from Mesopotamia and ancient Egypt through the 18th century. He explores the gods and divinatory arts of the legendary Sumerians and the star-wise Babylonians, including the birth of astrology. He examines the afterlife beliefs of the ancient Egyptians and the dream interpretation practices and oracles of ancient Greece, including the mysteries of Eleusis and the magical philosophy of Plato, Socrates, and other Greeks. He uncovers the origins of Gnosticism and the suppression and banishment of magic by the post-pagan, Christian emperors of Rome. Seligmann reviews the principles of alchemy, sharing famous transmutations and allegorical illustrations of the alchemical process and explores the Hermetica and its remarkable adepts. Investigating the Middle Ages, the author discusses the work of European magicians of the time, including Albertus Magnus, Roger Bacon, Agrippa, Nostradamus, and Pico Della Mirandola. He studies the medieval practices of devil worship, witchcraft, and black magic, as well as the "Cabala" in both its Hebrew and Christian forms. He also examines the art of the Tarot and many lesser known divination techniques. He explores the development of secret societies, including Freemasonry and Rosicrucianism, in the 17th century and the increase in occult publications and magical science in the 18th century. First published in 1948, this history of magic and the occult seeks to "mirror" the magical worldview throughout the ages. Beautifully illustrated with images from the author's rare library, this collector's edition features all of the artwork--more than 250 images--from the original 1948 edition.
