Blount County, Alabama Confederate Soldiers, Volume 1: Cavalry Jul 22 2020 Mary Gordon Duffee wrote in 1892: "When the drums beat, and the bugles called for men to march to the front, I tell you old Blount responded nobly, and sent hundreds of her gallant sons to march, fight, suffer and die for the flag that now lies furled forever." This series of books identifies Confederate soldiers who enlisted from the Blount County area, plus those who moved to Blount County after the Civil War. Company rosters are captured and service records, pension applications, birth dates, spouses and marriage dates, newspaper clippings and obituaries, and pictures are contained in these volumes. This is the first time ever all this information has been available in a single reference book. Cavalry companies examined here include: 12th Alabama Cavalry, Companies B and C; 2nd Kentucky Cavalry, Company G; Lewis Battalion Alabama Cavalry, Companies B and E; Graves, Barbiere, and Stewart's Alabama Cavalry; Holloway's Escort; and the 3rd Confederate Cavalry, Company D.

In Manchuria Dec 15 2019 In the tradition of In Patagonia and Great Plains, Michael Meyer's *In Manchuria* is a scintillating combination of memoir, contemporary reporting, and historical research, presenting a unique profile of China's legendary northeast territory. For three years, Meyer rented a home in the rice-farming community of Wasteland, hometown to his wife's family. Their personal saga mirrors the tremendous change most of rural China is undergoing, in the form of a privately held rice company that has built new roads, introduced organic farming, and constructed high-rise apartments into which farmers can move in exchange for their land rights. Once a commune, Wasteland is now a company town, a phenomenon happening across China that Meyer documents for the first time; indeed, not since Pearl Buck wrote *The Good Earth* has anyone brought rural China to life as Meyer has here. Amplifying the story of family and Wasteland, Meyer takes us on a journey across Manchuria's past, a history that explains much about contemporary China--from the fall of the last emperor to Japanese occupation and Communist victory. Through vivid local characters, Meyer illuminates the remnants of the imperial Willow Palisade, Russian and Japanese colonial cities and railways, and the POW camp into which a young American sergeant parachuted to free survivors of the Bataan Death March. *In Manchuria* is a rich and original chronicle of contemporary China and its people.
