The book includes extensive year charts, followed by a 14-page section for each animal sign, covering personality and aptitude traits, as well as tendencies and potential outcomes with regard to leisure, career, health, money and family life. A separate section covers the relationship potential for each sign, giving helpful scores for every possible combination, with an ingenious graphic chart offering an at-a-glance summary. The last major section enables you to work out upcoming astrological influences for years to come, helping you to make decisions, deal with change, and cope with other life challenges.
