The Blood Moon Prophecy Nov 17 2022 Does correlation always imply causation ? A father's quest for justice, a teacher's efforts to educate and a tribe's sacrifice for the future is well intentioned. But none of them escaped the ghastly outcomes predicted in *The Blood Moon Prophecy*. A Mayan Hieroglyph reader stumbles on an ancient secret. A Biohacker is in trouble with the law for experimentation. A Quantum Computing student discerns a way to save all of humanity. Kali's Sukthi might complete the puzzle. Logic dictates that these people have nothing in common. But, the Universe does not run on logic alone. Humanity has to brave the odds and escape the precarious destiny awaiting it.

Blood Moon Jun 12 2022 The history of the world has been changed by evil more often than by good. Evil does not always come straight at you; evil is a coward that insinuates itself around the truth, around courage and even around reality. That is why we call it evil. John Thomas Rourke and his family and friends have dealt with evil before. But this time, it is strangely different. Not long ago, Atlantis and UFOs and Aliens were legends. Now the legends are not only real but interlinked; inexorably and forever tied to each other. A history we never knew is now a reality we will never forget. One tinged by evil. This time courage alone nor hot lead alone nor cold steel alone can fix the problem. All of the threads of the recent past have now been pulled together, but to what end? Once again, the world is about to change and nothing can stop it. The question now is, can John Thomas Rourke guide his family toward their own survival and into yet another new world?

Blood Moon Rising Box Set Aug 02 2021 This box set includes books 4-6 of the Blood Moon Rising Series! From *Captured*--Book 4 Rogue werewolf Elijah Johnson would have been better off dead. After being held hostage by a coven of malicious witches—witches who seem to know much more about the dark arts than they should—he takes the first chance he can to escape, only to fall into a trap a month later. When he's captured during a DPI bust, he expects to be thrown into prison. He doesn't expect to learn his interrogator is a curvy young witch with hair the color of fire and enough passion for the law to match... Verika Tate has spent her career trying to uphold the values and morals of law enforcement in the Underworld. Only twenty-six, she is heralded as one of the most gifted witches in the southeastern region. Her life is, for the most part, uneventful. She attends her weekly spellbook club meetings, works out daily to try to shed some stubborn fat that refuses to leave, and buries her nose in the latest witchcraft magazines. Learning is her shield and her only defense for being able to forget the werewolf who broke her heart—Nik Johnson... When she's assigned to Elijah, she can hardly believe how rotten her luck is. He looks enough like Nik to haunt her, and his hard muscle and flirtatious quips are enough to make her pant. Verika struggles to keep her heart out of her work, a point which proves especially tricky when Elijah reveals an astonishing secret that could finally break the case she's been trying to crack—the whereabouts of the mysterious Mistress Black, leader of the witch mafia. The tip is too good to pass up, and she reluctantly agrees to help him escape the witches who have placed a bounty on his head in exchange for information. Will Verika uphold the law at any cost, or will she risk everything for the sake of a once-in-a-lifetime romance?

Blood Moon Aug 14 2022 An astonishing untold story from the nineteenth century—a “riveting...engrossing...‘American Epic’” (The Wall Street Journal) and necessary work of history that reads like *Gone with the Wind* for the Cherokee. “A vigorous, well-written book that distills a complex history to a clash between two men without oversimplifying” (Kirkus Reviews), *Blood Moon* is the story of the feud between two rival Cherokee chiefs from the early years of the United States through the infamous Trail of Tears and into the Civil War. Their enmity would lead to war, forced removal from their homeland, and the devastation of a once-proud nation. One of the men, known as The Ridge—short for He Who Walks on Mountaintops—is a fearsome warrior who speaks no English, but whose exploits on the battlefield are legendary. The other, John Ross, is descended from Scottish traders and looks like one: a pale, unimposing half-pint who wears modern clothes and speaks not a word of Cherokee. At first, the two men are friends and allies who negotiate with almost every American president from George Washington through Abraham Lincoln. But as the threat to their land and their people grows more dire, they break with each other on the subject of removal. In *Blood Moon*, John Sedgwick restores the Cherokee to their rightful place in American history in a dramatic saga that informs much of the country’s mythic past today. Fueled by meticulous research in contemporary diaries and journals, newspaper reports, and eyewitness accounts—and Sedgwick’s own extensive travels within Cherokee lands from the Southeast to Oklahoma—it is “a wild ride of a book—fascinating, chilling, and enlightening—that explains the removal of the Cherokee as one of the central dramas of our country” (Ian Frazier). Populated with heroes and scoundrels of all varieties, this is a richly evocative portrait of the Cherokee that is destined to become the defining book on this extraordinary people.

July, 2019. A multinational mission lands on the moon’s Sea of Crises. American astronaut Janet Luckman leads a team in search of the Mother Lode: lunar ice, laced with Helium-3—a desperately needed energy source. The future of humanity rides on Luckman’s success.

Luckman discovers the Firebird and recovers its flight log, but the body of its mystery cosmonaut (Belinsky) is missing. Facing a 51 hour deadline, the dangerous lunar environment and a traitorous crew member bent on murder, she struggles to find the Mother Lode and uncover Belinsky's fate. A firestorm erupts on Earth as both American and Russian authorities attempt to hide the truth about Firebird. As renowned scientist, Milo Jefferson, investigates the Firebird mystery in Moscow, he finds himself in a hall of mirrors created by the sinister genius leading Russia's new Tsarist government: Mikhail Rabikoff. End Time Rewind: An Exploration In Bible Prophecy And The Fate Of The World Oct 24 2020

Remember when End Time Rewind warned you not to fall for the Doomsday-Rapture theories of Dispensational Premillennialism and their Zionist partners? Well, now that we've survived John Hagee's Four Blood Moons, Jonathan Cahn's Super Shemitah, and the menacing tentacles of the now defunct European Union and Islamic State (the supposed Beast Kingdoms of Revelation 17), the Futurist's next false claim centers around the 70-year anniversary of Israel's founding. Is the Jewish State really the prophetic clock by which God aligns world events and the return of Christ? Many Doomsday-Rapture forecasts have been put forth in the name of Futurism since the 2nd-century AD, none of which have come to fruition. This is disconcerting, because failed predictions and false expectations promoted by our Christian counterparts diminishes the credibility of the Bible and scars the reputation and integrity of the Prophetic Office of Jesus Christ. The age-old, tried-and-true Orthodox (aka Partial or Classical) Preterist approach maintains that the majority of Bible prophecies were already fulfilled by the end of the first century AD, and included Jesus' appearing in an Old Testament-styled, non-physical manifestation with power and great glory. All that remains to be accomplished in the future is for Jesus Christ to physically return to raise the dead (which is when the rapture also occurs), preside over the final judgment, and create a new heaven and earth devoid of sin and death where the new and holy Jerusalem from heaven descends (as per Revelation 20:7 - Revelation 22:5).

Faith on Fire... the Burning Holy Vagina of Jesus Jan 27 2021 Inspired by the Holy Spirit, this book is dedicated to the suffering people of Ukraine especially the children who are the most helpless victims of the Russian invasion. One day while the author was tending to her zoo, an image of the Holy Wound of Jesus flashed vividly upon her mind which guided her in writing of the hostilities of the war and how steadfast and burning faith serves to help people overcome life's ordeals on a daily basis of routine in the backdrop of a global pandemic and raging war. This book is a must read as it is the fruit of an encounter with God in the simple everyday life of a widow who has been called to write of heaven's caveats for today's world.

Prophecies of the Ancients Mar 17 2020 Love, jealousy, illness, prophesies, time-travel and magic complicate the quest to prevent the war of 2112.

Females Tide Nov 05 2021 The world never directly warns of a virus outbreak. The silenced scientists never disclose classified information and death dates are never predictable as birthdays are. The infection spread like wildfire from mother to daughter, sister to sister and female to female. The first forty-eight hours confirmed the loss of well over 65% of the female race and men were not taking it lightly. They hid away every female relative they could and tried everything to keep them alive and well to no avail. Many of the infected refused to die though, becoming a shell of what they used to be and losing all ability to communicate and function till they starved to death or went crazy in blood lust. The seven day mark proved the world to be barren of the females touch and men fought over every and any woman they could find who'd miraculously survived and was immune to the virus. They became heartless and barbaric, imprisoning each female they found, which was as rare as a blood moon to say the least. A woman's fate became worse than the virus, being forced to be bred like a cow to try and birth more females for a sinful world of men. Teen rebel Victoria Maze was one of those troubled teens, sent to military boot-camp where they discipline and teach the bad kids to do something good with their lives. Her only blessing of being immune was a curse as she slaughtered her infected peers to escape and stumbles upon a redheaded woman who swore like a sailor. They rush to escape to open sea where no men dared to go anymore and encounter trouble every few miles. Will they survive or will they perish? It's hard to tell.

She awakens alongside Reiji Kisaragi as a Dhampir, a hybrid of human and vampire, bearing magical abilities and the Prism Wings of Corrosion. When the spirit of Queen Cordelia begins to haunt Octavia and tries to take control of her body, she sets out to find a cure for the Endzeit once and for all. But as she is in competition with a sadistic vampire seeking the cure to become human again at any cost, her cruel fate has other plans... Also includes two prequel short stories taking place before the events of *Monochrome Kiss*, the Trinity Cross collection. Before Octavia Kaname was known as the Grim Reaper, she was simply known as a little girl, watching in horror as the world before her falls into chaos due to the Endzeit, a mysterious space virus dispersed through blood-red rain, which transforms its victims into sadistic, bloodthirsty vampiric monsters. The first half of this story, *Prologue to Awakening*, delves into the dark tale of how she became a hollow, masochistic shadow of her former self. The second half of this story, *The Vampire's Requiem*, details the life of Reiji Kisaragi, a once-famous young magician who became known as a monster after contracting Endzeit from his encounter with the red rain. This story reveals his dark past and new life as a vampire, before he met Octavia Kaname. Note: The numerical code at the end of this book is a hidden message coded in the A1Z26 cipher.
