My books are modern cloak-and-dagger adventures, really. Although, considering ongoing sensitive events, setting them up in North Korea was probably not such a good idea. Still, as a potter, I favour Korean ceramics above all. So I write about a French-Korean heroine who sets out with the idea to save her country from becoming a major battlefield. Things go wrong, and she is imprisoned for espionage. Unable to confess to her true actions, she keeps quiet and survives hell until, at the end of the first chapter, she's rescued by British marines. They still do sail the world, don't they? Throughout the book the pace is fast, with many twists and turns. I write about places I've visited and characters I would have liked to meet (though not the villains), with events that tend to blow up in one's face due to accidental twists of words or a mere hesitation. To my own surprise, I am on my fourth book already, with the hard core of the main characters still with me, and I'm having fun daily. Hope you will too. Social sequence analysis includes a diverse and rapidly growing body of methods that social scientists have developed to help study complex ordered social processes, including chains of transitions, trajectories and other ordered phenomena. Social sequence analysis is not limited by content or time scale and can be used in many different fields, including sociology, communication, information science and psychology. Social Sequence Analysis aims to bring together both foundational and recent theoretical and methodological work on social sequences from the last thirty years. A unique reference book for a new generation of social scientists, this book will aid demographers who study life-course trajectories and family histories, sociologists who study career paths or work/family schedules, communication scholars and micro-sociologists who study conversation, interaction structures and small-group dynamics, as well as social epidemiologists. When the objectives of public policy programmes have been formulated and decided upon, implementation seems just a matter of following instructions. However, it is underway to the realization of those objectives that public policies get their final substance and form. Crucial is what happens in and around the encounter between public officials and individual citizens at the street level of government bureaucracy. This Research Handbook addresses the state of the art while providing a systematic exploration of the theoretical and methodological issues apparent in the study of street-level bureaucracy and how to deal with them. Next Generation is a two-level course for Bachillerato, combining complete preparation for the Pruebas de Acceso a la Universidad (PAU) exams with material that helps learners improve their English language skills for life. Teacher's Resource Book 1 combines comprehensive teaching notes for the eight units of the Student's Book with photocopiable worksheets providing extra practice of vocabulary, grammar, writing and phrasal verbs, as well as tests, mock PAU exams and answer keys to the Workbook and all photocopiable activities. It also comes with the Class Audio CDs. A wonderfully provocative and appealing novel, from the much-loved author of *Anywhere But Here* and *A Regular Guy*, her first in ten years. It tells the story of two women whose lives entwine and unfold behind the glittery surface of Hollywood. Claire, a composer and a new mother, comes to LA so her husband can follow his passion for writing television comedy. Suddenly the marriage—once a genuine 50/50 arrangement—changes, with Paul working long

hours and Claire left at home with a baby, William, whom she adores but has no idea how to care for. Lola, a fifty-two-year-old mother of five who is working in America to pay for her own children's higher education back in the Philippines, becomes their nanny. Lola stabilizes the rocky household and soon other parents try to lure her away. What she sacrifices to stay with Claire and "Williamo" remains her own closely guarded secret. In a novel at turns satirical and heartbreaking, where mothers' modern ideas are given practical overhauls by nannies, we meet Lola's vast network of fellow caregivers, each with her own story to tell. We see the upstairs competition for the best nanny and the downstairs competition for the best deal, and are forced to ask whether it is possible to buy love for our children and what that transaction costs us all. We look into two contemporary marriages—one in America and one in the Philippines—and witness their endangerment, despite the best of intentions. My Hollywood is a tender, witty, and resonant novel that provides the profound pleasures readers have come to expect from Mona Simpson, here writing at the height of her powers. The first volume of Lindbergh's diaries and letters, in which she meets her future husband. Introduction by the Author; Index; photographs. In Windmere Series, book one, "Laura's Big Win", the reader meets Laura Nessing and Ryan Williams, two people with deep emotional voids in their hearts. The common thread is the place called WINDMERE, a former private estate, maybe with some magic included, but certainly with dynamic relationships as things evolve between Laura and Ryan, each filling the void in the other's life, unsure about many things but sure in the growing love each has for the other. Many of the characters one meets in book one also play parts in subsequent releases, such as "Score One for Angela", and "Magnetic Love: When Opposites Attract".

Written by one of the leading experts in content managementsystems (CMS), this newly revised bestseller guides readers throughthe confusing-and often intimidating-task of building,implementing, running, and managing a CMS Updated to cover recent developments in online deliveriesystems, as well as XML and related technologies Reflects valuable input from CMS users who attended theauthor's workshops, conferences, and courses An essential reference showing anyone involved in informationdelivery systems how to plan and implement a system that can handlelarge amounts of information and help achieve an organization'soverall goals Harper's informs a diverse body of readers of cultural, business, political, literary and scientific affairs. Exploring the social & contextual forces that shape the appearance of academic ability & disability, this book shows how these forces influence the perception of academic underachievement by minority students. The Frackers by Gregory Zuckerman, bestselling author of The Greatest Trade Ever, tells the untold story of the tycoons behind the US fracking controversy. Things looked grim for American energy in 2006. Oil production was in steep decline and natural gas was hard to find. The Iraq War threatened the nation's already tenuous relations with the Middle East. China was rapidly industrializing and competing for resources. Major oil companies had just about given up on new discoveries on US soil, and a new energy crisis loomed. But a handful of men believed everything was about to change. By experimenting with hydraulic fracturing through extremely dense shale - a process now known as fracking - these 'wildcatters' started a revolution. In just a few years, they solved America's dependence on imported energy, triggered a global environmental controversy - and made and lost astonishing fortunes. The frackers have already transformed the eco-nomic, environmental, and geopolitical course of history, and like the Rockefellers and the Gettys before them, they're using their wealth and power to influence politics, education, entertainment, sports, and many other fields. Activists argue that the same methods that are creating so much new energy are also harming our water supply and threatening environmental chaos. Award-winning reporter Gregory Zuckerman gained exclusive access to the frackers, chronicling the untold story of how they transformed the nation and the world. The result is a dramatic narrative that stretches from the barren fields of North Dakota to the tense Wall Street boardrooms. The Frackers also tells the story of the angry opposition unleashed by this revolution, and explores just how dangerous fracking really is. Gregory Zuckerman is a special writer at The Wall Street Journal and the bestselling author of The Greatest Trade Ever. He is a two-time winner of the Gerald Loeb Award and a winner of the New York Press Club Journalism Award. For 10 years, kids have had fun learning about Scripture with The One Year Devotions for Kids series. Now The One Year Devotions for Kids, Volume 1 is available with a great look for a new generation of readers. Each day's lesson focuses on a key theme from a Bible story. A contemporary story, application questions, a memory verse, and an action phrase combine to reinforce the theme for each day. A great way to help kids connect with God!

Declan is on a vital mission, but after he's detoured by an ambush and subsequent crash, he must learn a whole new way of life and recover his memories. Pish wants power, and he doesn't care who gets hurt along the way. Chris was a regular kid who grew up to be a regular guy, until he found out that he wasn't. From his birth, he was chosen or maybe volunteered. Either way, he has a purpose greater than he ever imagined. And time may be running out. In the tradition of Upstairs, Downstairs and Downton Abbey, BY THE SEA is a four-book series that sweeps from the Gilded Age through the Gatsby Era's Roaring Twenties and then on to the Great Depression, culminating nearly a century later in Newport, Rhode Island, wealthy and alluring "City by the Sea." Set against a backdrop of mansions, the glorious America's Cup Yacht Races, and new money, the series traces the passions and adventures of three families from three different classes. Book One: TESS. From the wild decadence of late

nineteenth-century Newport comes the tale of Tess Moran, a beautiful Irish housemaid in one of the grand summer "cottages," who makes a dark bargain with a man of commanding wealth -- and falls in love in the bargain. Also available: Book Two: AMANDA Book Three: LAURA Book Four: THE HEIRS Reviews "A quality, original book. Antoinette Stockenberg has done her homework. The saga ... contains many of those little epiphanies, those moments of recognition. It is what makes, for example, Book One: TESS stand out from the rash of novels on class conflicts between Irish servants and their Yankee masters." --Providence Journal "A riveting saga/mystery. Ms. Stockenberg is a master of intrigue and romance ... she expertly leads readers through nearly a century of drama in the elegant, fascinating, and thrilling world of yacht racing [culminating in] a compelling mystery. This novel will provide smooth sailing for summer reading." --Rave Reviews "The action moves along at a speed that makes it virtually impossible to put the book down. If I had had the time I could have read it non-stop, and I nearly did .... Here is a book to satisfy every sort of reader--those who crave fast action, Newport aficionados, and the romantics among us who love happy endings." --Newport This Week Magazine "Sizzling [and] entertaining reading. The well-researched novel uses real people and places--such as the Vanderbilts and Dennis Conner--as a backdrop to the unfolding drama. --Soundings Magazine Ralph Hemenway (d.1678) immigrated from England to Roxbury, Massachusetts and married Elizabeth Hewes in 1634. "Ralph died June, 1678; and his wife, Feb. 2, 1684-5 ..."--Page 7. Descendants lived in New England, New York, Louisiana, Missouri, Iowa, Michigan, Ohio and elsewhere In 1990, the groundbreaking television series Twin Peaks, co-created by David Lynch and Mark Frost, opened with a murder mystery when a beautiful homecoming queen, wrapped in plastic, washed up on a cold and rocky beach. Laura Palmer's character began as a plot device that triggered a small town to face its fractured self. But after three seasons and a film, Laura Palmer is no longer just a plot device. Instead of solely focusing on the murderer, like most traditional storytelling at the time, the audience gets to know the victim, a complex young woman who explores her sexuality and endures incredible abuse. Laura's Ghost: Women Speak About Twin Peaks is an examination of Laura Palmer's legacy on the 30th anniversary of Twin Peaks. Palmer's character was one of the few frank and horrific representations of sexual abuse victims which did not diminish the strength and complexity of the victim. Sheryl Lee, who played Laura Palmer, discusses the challenges of the role and how it has impacted herself as well as women she has met over the years, many of whom are survivors of sexual abuse. The role demanded Lee give all of her vulnerability as an actor to this role. This role is one she cannot escape, one with which she will forever be identified. It's a role that still haunts her today. For many women, this character represents them. Here was a woman who was not just a victim, but who was owning her sexuality as well—a woman coming into her own and discovering her sources of power. This book is a reckoning in which women from the show and community speak about grief, mischief, humor, sexuality, strength, weakness, wickedness, and survival.
