When the government sends Jake Grafton to Hong Kong to find out how deeply they are embedded in a money-raising scandal, Jake takes his wife, Callie, along. And why not? They first fell in love during the Vietnam War, and the consul-general there, Tiger Cole, is an old friend. But a lot has changed since those days, as the Graftons quickly discover. They find Hong Kong is a powder keg, ready to explode. The closure of a foreign bank by the communist government is the spark that lights the fuse... and Tiger Cole is right in the middle of the action. When Callie is kidnapped by a rebel faction, Jake finds himself drawn into the vortex of a high-tech civil war. As a revolution unfolds, Grafton must draw on the skills of CIA burglar Tommy Carmellini to pinpoint the enemy... After too many senseless missions, too many pointless deaths, Jake "Cool Hand" Grafton is a man ready to explode. Now, with a renegade bombardier named Tiger, Jake's flying his A-6 Intruder jet deep into North Vietnam, on one last hell-bent strike for honor--and victory. The most daring -- and deadly -- terrorist plot of all time is about to unfold

aboard the supercarrier USS United States. If it succeeds, the balance of nuclear power will tilt in favor of a remorseless Arab leader. And it looks as if no one can stop it - except navy "jet jock" Jake Grafton. "Cag " Grafton is one helluva pilot. His F-14 Tomcat is one helluva plane. But some of Jake's crewmates have already vanished. A woman reporter who boarded the ship in Tangiers may not be who she claims to be. And Jake may have to disobey a direct order from the President himself for one spine-tingling, hair-raising Final Flight. Do you like your garlic Goodfellas thin? Have you ever been part of a carrotmob? Why are bartenders fat washing their spirits (and what does that even mean?) Als Dirk Pitt bijna om het leven komt bij het redden van een olie-exploratieteam dat op het Russische Baikalmeer door een gigantische golf in de problemen komt, lijkt dat een gril van de natuur. Maar als de leden van dat team worden ontvoerd en Pitts onderzoeksvaarttuig bijna tot zinken wordt gebracht, wordt duidelijk dat er iets sinisters aan de hand is. Het spoor leidt naar een mysterieuze Mongoolse vorst die geheime deals sluit voor het leveren van olie aan de Chinezen. De Mongoliër wil het rijk van Dzejngis Khan in zijn oude luister

herstellen. Zal hij zijn droom kunnen realiseren? "Longtime Coonts fans who share his political leanings will best appreciate this outing."—Publishers Weekly "The story moves along at a brisk pace, with plenty of intrigue, which will please thriller fans."—Booklist "Since switching publishers a few years back, Coonts has consistently delivered high-powered, conspiracy-laden political thrillers that are perfect for fans of Vince Flynn and Brad Thor."—Real Book Spy It Starts with a Murder . . . Will It End with a Coup? Stephen Coonts, master of suspense, has captivated readers around the world by writing thrillers ripped from the nation's headlines. His newest, *The Russia Account*, pits CIA officer Tommy Carmellini against a murderous international financial conspiracy that leaves a trail of death and corruption, extending from a small bank in Estonia to the highest reaches of the Kremlin and the halls of Congress—perhaps even to the CIA itself, putting Admiral Jake Grafton, the head of the CIA, in the crosshairs of an assassin. Burglar-turned-CIA-warrior Tommy Carmellini has starred in eight previous Coonts thrillers. With the help of his mentor, Admiral Grafton, Carmellini has always managed to foil his

enemies. Discovering and defeating the powerful forces behind this massive bloodstained financial conspiracy that threatens the very foundations of the United States government, and maybe the life of the president of the United States, will be his most difficult challenge yet—and perhaps, he suspects, an impossible one. By turns thrilling, shocking, and even prophetic, *The Russia Account* is Coonts in top form. It is a reading experience not to be missed. When he is assigned to Paris, CIA officer Tommy Carmellini joins his old boss Jake Grafton on a bold mission: To locate a French intelligence agent who has secret investments in the Bank of Palestine. Together they work to unravel a tangle of espionage, deception, and murder...and develop an elaborate strategy to infiltrate the highest levels of Al Queda. Meanwhile, the leaders of the G-8 industrialized nations will soon meet in Paris—an event that would make a tempting terrorist target. Throw into the mix the beautiful, clever daughter of the French ambassador to Washington and an Israeli spy or two, and the stage is set for a tour de force of deception and drama. Soon Carmellini and Grafton unearth a horrifying plan to shake the West as never before. But can they stop the conspiracy without

compromising the intelligence source that could bring down Al Qaeda once and for all? Find out in Stephen Coonts's *The Traitor*. The brilliant new NSA Deep Black novel *Assigned to a Marine* unit on an aircraft carrier, Navy Lt. Jake Grafton must make decisions about his future, both his career and his relationship with Callie, his girlfriend. A series of short novels explore the art of warfare in the twenty-first century--on the land, in the sea, in the air, and in outer space. A spy plane gathering data on a new Russian weapon is blown out of the sky by a mysterious MiG. Is it an accident or the start of the next world war? One US agency has what it takes to find out - the National Security Agency and its covert operations team: Deep Black. Working for the NSA, ex-marine sniper Charlie Dean is dispatched to Russia, hooking up with former Delta Force trooper Lia DeFrancesca to find out what happened to the plane. Critical information could fall into enemy hands. And that enemy is playing to the death. In this new novel by the New York Times bestselling author, Stephen Coonts, Iran is weeks away from acquiring nuclear weapons and has every intention of using them to strike first— only Tommy Carmellini and Jake Grafton can stop a nuclear

nightmare Iran is much closer to having operational nuclear weapons than the CIA believes, and Iran's president, Mahmoud Ahmadinejad, has a plan. Iran will become a martyr nation, and Ahmadinejad will lead the united Muslims of the world in a holy war against the non-believers. But the Americans have a secret weapon in a group of Iranian dissidents, including a brother and sister determined to avenge the death of their beloved grandfather at the hands of the religious police. They are funneling information to Carmellini. They want to stop the attack before their leader launches a new world war. But will the U.S. government believe the information they are providing, and can the Americans prevent the Israelis from taking matters into their own hands, which could prove disastrous? Returning to the kind of military and espionage story that made Cuba one of his most successful novels, Coonts weaves an unforgettable tale of men and women at war, with the sort of dramatic military action and undercover technology for which Coonts is known. Kurt Austin ontwaakt na een levensgevaarlijke reddingsmissie op een zinkend jacht, waaruit hij maar net heeft kunnen ontsnappen. Heeft hij nou een oude vriendin zien

verdrinken? Kurt vertrouwt zijn eigen herinnering niet. Hij gaat op zoek naar de waarheid en komt op het pad van cybercrime, verdachte ongelukken en mensensmokkel. Zijn zoektocht sleurt hem mee van Monaco via Noord-Korea naar Madagascar. En waar hij uiteindelijk uitkomt, had hij vooraf nooit kunnen raden. In Cuba, an ailing Fidel Castro lies dying. A succession struggle commences. As Havana heats up, the CIA learns that one of the presidential contenders, secret police chief Alejo Vargas, has developed biological weapons and installed them on half-dozen intermediate-range ballistic missiles delivered by the Soviets during the 1962 Cuban Missile Crisis. Vargas' plan: foment a crisis with the U.S. and cow the Americans with biological weapons, thereby uniting the Cuban people behind his leadership... Liars and Thieves is Stephen Coonts as you've never seen him before-a story as chilling as it is unforgettable. Tommy Carmellini, a CIA operative who is unafraid to walk both sides of the law to attain his objective, uncovers a dark conspiracy that leads to the highest levels of the American government-and to a ruthless manipulator who will stop at nothing to keep a decades-old secret. Liars and Thieves opens as

Carmellini is sent to post guard duty at a farmhouse in West Virginia's remote Allegheny Mountains, where top government operatives are debriefing a star defector: the ultimate KGB insider, a man with records on every operation and every dirty trick the shadowy intelligence agency has ever run, from Lenin to Putin. Carmellini arrives to find the guards shot dead and a ruthless team of commandos--American commandos--killing everyone in sight, then setting the house on fire. He escapes in a hail of bullets with what seems to be the sole survivor, a stunningly attractive translator who then steals his car, abandoning him, after a deadly mountain car chase. But one other person survived the massacre: The man whose fractured memory holds the KGB's most embarrassing secrets, including something for which someone will kill to keep it quiet. Carmellini teams up with his mentor, Admiral Jake Grafton, and together they track down the amnesiac defector. From there, the hunt is on as they become the target of a lethal squad of killers who can only be taking direction from someone very close to the president. From a bloody ambush at a posh Virginia estate, to assassinations on the decaying streets of inner city Washington, to a makeshift

safe house at Grafton's Delaware summer home, no place is outside the ruthless conspiracy's reach. Carmellini and Grafton must learn to tell friend from foe as they fight their way through a poisonous wilderness of intrigue, all the way to a presidential convention in New York City-and to the surprising identity of someone standing on the verge of absolute power who has jeopardized the safety of the entire nation to prevent a dark secret from ever seeing the light of day. Tommy Carmellini and Jake Grafton have information that Iran's covert nuclear programme is nearing completion. The Iranian president is planning to hit US and Israeli targets within days and turn Iran into a nation of martyrs, leading the world's Moslems in a holy war against the unbelievers. Carmellini has a secret weapon: a group of Iranian dissidents who will do anything to stop the attack. But will the US government believe him in time to act? In het Witte Huis bereiden de president en zijn naaste adviseur zich voor op de komende verkiezingen. Wat zij niet weten, is dat zij scherp in de gaten worden gehouden door een man die zichzelf Oliver Stone noemt. Stone wantrouwt al jarenlang de Amerikaanse regering en is ervan overtuigd dat allerlei zaken die het daglicht niet kunnen verdragen, in de doofpot

worden gestopt. Hij ziet het als zijn missie om de waarheid boven tafel te krijgen. Stone staat niet alleen in zijn achterdocht. Samen met enkele vrienden bespreekt hij regelmatig hoe het Amerikaanse volk op de hoogte kan worden gebracht van de leugens die de politici en de geheime diensten verspreiden. De waarheid is echter dat de samenzweringen die zij zien, alleen in hun verbeelding bestaan. Hun theorieën zijn vergezocht en het bewijs flinterdun. Maar dan zijn de mannen op een dag bij toeval getuige van de moord op een medewerker van de Secret Service. Omdat zij weten dat niemand hen zal geloven, besluiten Stone en zijn vrienden de zaak zelf uit te zoeken. Het spoor leidt rechtstreeks naar het Witte Huis en een complot dat de wereldpolitiek op zijn grondvesten zal doen schudden... Cuba Stephen Coonts' bestelling novels takes readers into the heart of harrowing, pulse-pounding action, whether on land, on sea, or in the air. Now, this master of full-tilt, blockbuster suspense turns into a lush setting 90 miles from U.S. soil. In Cuba, Fidel Castro lies dying. Human sharks are circling. And one man has his finger on the trigger of a weapon that will change everything... Admiral Jake Grafton is overseeing a shipment of nerve gas being

transferred for a top-secret U.S. stockpile at Guantanamo Bay. But a power struggle inside Cuba has ignited an explosive plot and turned a horrific new weapon on the U.S. Now, Jake must strap himself into the cockpit of a new generation of American aircraft and fly blind into the heart of an island that is about to blow--and take the whole world with it... Hong Kong Jake Grafton takes his wife, Callie, along when the U.S. government sends him to Hong Kong to find out how deeply the U.S. consul-general is embedded in a political money-raising scandal. And why not? Jake and Callie met and fell in love in Hong Kong during the Vietnam War, and the consul-general is an old friend from those days, Tiger Cole. The Graftons quickly discover that Hong Kong is a powder keg ready to explode. A political murder and the closure of a foreign bank by the communist government are the sparks that light the fuse . . . and Tiger Cole is right in the middle of the action. When Callie is kidnapped by a rebel faction, Jake finds himself drawn into the vortex of a high-tech civil war. Drawing on the skills of CIA operative Tommy Carmellini, in order to save his wife Jake Grafton must figure out who he can trust--both among the Western factions vying for control of the volatile

situation, and among the Chinese patriots fighting for their nation's future-and make sure the right side wins.
