This revised and expanded anniversary edition features the same delightful introduction to the history and lore of magic as the first

edition of the "little green book" published 15 years ago. From Sabbat events to magick ceremonies to handfastings, ritual is at the heart of Pagan worship and celebration. Whether you're planning a simple coven initiation or an elaborate outdoor event for hundreds, "RitualCraft" can help you create and conduct meaningful rituals. Far from a recipe book of rote readings, this modern text explores rituals from many cultures and offers a step-by-step Neopagan framework for creating your own. The authors share their own ritual experiences-the best and the worst-illustrating the elements that contribute to successful ritual. "RitualCraft" covers all kinds of occasions: celebrations for families, a few people or large groups; rites of passage; Esbats and Sabbats; and personal transformation. Costumes, ethics, music, physical environment, ritual tools, safety, speech, and timing are all discussed in this all-inclusive guidebook to ritual. This Master Grimoire of HeXeD is packed full of Magickal Spells, rites & Ceremonies for the modern day Adept, including Tarot, Palmistry, Talismans, Runes and much more. Taken from Ancient Grimoires, this is a must have for any Adept practicing the magickal arts. The Author presents this Grimoire as an educational guide to the teachings and practices of Sorcery and Dark Witchcraft. Beginning with the History of Darkness and the basic knowledge and teachings of the Dark Ways, this volume will guide the student through the Initiations, Dedications, and practices needed to walk this magickal path. The book includes information on basic rituals, teachings, banishments, and dedications. It also includes information on sensitives and sight, working with mediums, spell casting, healing magick, earth magick, money spells, banishments, love magick, sex magick, color magick, destructive magick, and sigils. Also included in this volume is an in depth chapter on Demonology and a hierarchy listing of Dark Path Powers and Spirits which a practitioner can call upon in their workings. The twentieth century has seen a remarkable revival of "the Old Religion," as adherents of New-

paganism call the native religious traditions of Europe and tribal traditions from North America that predated Christianity. Many neo-pagan groups identify with Celtic (Druidic), Egyptian, Native American, Norse, or Roman traditions; others with modern science-fiction motifs; and still others with witchcraft. Neopaganism is occultic in nature. A central figure in much of Neopaganism is the Mother Goddess, who has been introduced and worshiped among certain feminists even in some mainline Protestant churches. Why this series? This is an age when countless groups and movements, old and new, mark the religious landscape in our culture, leaving many people confused or uncertain in their search for spiritual truth and meaning. Because few people have the time or opportunity to research these movements fully, these books provide essential information and insights for their spiritual journeys. Each book has five sections: - A concise introduction to the group - An overview of the group's theology -- in its own words - Tips for witnessing effectively to members of the group - A bibliography with sources for further study - A comparison chart that shows the essential differences between biblical Christianity and the group -- The writers of these volumes are well qualified to present clear and reliable information and help us discern religious truth from falsehood. This is an age when countless groups and movements, new and old, mark the religious landscape in our culture. As a result, many people are confused or uncertain in their search for spiritual truth and meaning. Because few people have the time or opportunity to research these movements fully, the Zondervan Guide to Cults and Religious Movements series provides essential information and insights for their spiritual journeys. The second wave of books in this series addresses a broad range of spiritual beliefs, from non-Trinitarian Christian sects to witchcraft and neopaganism to classic non-Christian religions such as Buddhism and Hinduism. All books but the summary volume, Truth and Error, contain five sections: -A concise introduction to the group being

surveyed -An overview of the group's theology — in its own words
-Tips for witnessing effectively to members of the group -A
bibliography with sources for further study -A comparison chart
that shows the essential differences between biblical Christianity
and the group -- Truth and Error, the last book in the series,
consists of parallel doctrinal charts compiled from all the other
volumes. Three distinctives make this series especially useful to
readers: -Information is carefully distilled to bring out truly
essential points, rather than requiring readers to sift their way
through a sea of secondary details. -Information is presented in a
clear, easy-to-follow outline form with "menu bar" running heads.
This format greatly assists the reader in quickly locating topics
and details of interest. -Each book meets the needs and skill
levels of both nontechnical and technical readers, providing an
elementary level of refutation and progressing to a more
advanced level using arguments based on the biblical text. The
writers of these volumes are well qualified to present clear and
reliable information and help readers to discern truth from
falsehood. Provides an overview of neo-paganism from the
Goddess to magic and rituals, from history and ethics to the
relationship of neo-paganism to Christianity. Get in touch with the

Invisibility, Secrecy & Disguises - VOLUME 1. This Ceremonial

Magick book is part of a Collection of 73 Occult Grimoires written for those individuals interested in spiritually exploring the ancient mysteries of the powerful magickal system known as the Goetia. The Goetia has many mysteries of magick associated with it, as it is an occult dimension of the Astral Realm. The Astral Realm is a holographic dimension that holds many secrets of the great Universe within it, including the mysteries of "Creation" and the "Origin of Man". Within the ancient magickal rituals of the Goetia lie the sacred keys to open the forbidden doors of Divine Creation, Divine Destruction, Divine Justice, and Cosmic Knowledge and to the portal to the Astral World of the Angels and Demons. Being a witch isn't easy when you work for the people who would burn you at the stake. A Grave Magic Darkness can't always be beaten by the light. Sometimes you have to fight fire with fire. Amber Morgan is a rookie in The Elite, an organisation tasked with the elimination of rogue preternatural beings in King City. But she has a secret. She's a witch and only joined The Elite to settle a personal score. Her first case is supposed to be the routine investigation of a rogue vampire but it soon becomes clear that dark forces are at work, darker than anything the team has dealt with in the past. When an irritatingly sexy Hunter offers to help, Amber wants to say hell no! The last thing she needs is another distraction even if he is sin personified. But with the fate of a missing child at stake and a possible connection between the case and her past, how can she refuse? Blood Craft With her first case behind her, Amber's position within the Elite seems to be set in stone. She's the darling of the media, the rookie who saved the day and everyone's ass. But as far as she's concerned, the limelight is no place for a Shadow Sorceress. A new case throws Amber into murky water. Someone is dropping bodies in King City, bodies that conceal a much darker truth, and it's up to Amber to make sense of it all. Blindsided when a personal loss devastates her, she is left scrambling to pick up the shattered pieces. With her magic growing at a rapid pace, Amber must find

a way to keep her secrets hidden and control her power or risk exposing herself as a Shadow Sorceress to those who would see her dead. In other words, just another day at the office... Grim Rites Suspended from the Elite for committing a murder she can't remember, Amber Morgan finds herself at risk of being exposed as a Sorceress. The only person she can trust is Nic, but whenever she gets too close to him, she risks being exposed in other ways. With demonic attacks occurring across the city and the body of a witch hunter turning up in an alley, Amber takes on a new case which means fighting personal demons as well as the ones that want to eat her heart and wear her skin like a cheap suit. When the witch hunter case gets too hot, Amber is forced to walk the line between Heaven and Hell, risking her life and soul in the process. Honestly, who does a girl have to kill to stay alive around here? One day, best friends Kirsty and Rachel discover a magical surprise when they find a fairy at the end of a rainbow! Meeting Ruby the Red Fairy sets them off on an adventure to help save seven magical rainbow fairy sisters from Jack Frost's spell. This special collection includes the first four titles in the bestselling Rainbow Magic series. Urban fantasy and slow burn romance wrapped into a serial that will keep you up reading long into the night. Over a thousand pages of pure delight. Strange bedfellows rock worlds. Court of Rogues Reluctant recruit to the nines, I became Faery's regent by default. Sure, I was next in line for the throne, but I never believed Oberon and Titania were gone for good until first a decade rolled by, and then two, and then ten. They'll never be back, and the land is mourning. Or pissed. It's hard to tell which, and I'm not sure what difference it makes. I split my time between Faery and Earth searching for a way to mend the rift that's killing my realm. I haven't made much progress. Time is running through the glass, mocking my paltry efforts. A sultry Witch is barely a blip on the radar. So what if she counts cards in the casino I run on Earth and makes my pit boss a little nuts? Out of the blue, she spits out the unbelievable, and I

discover she's not a Witch after all. A glamour hid her Fae-Sidhe blood so well, she'd fooled me. Her mixed blood is an affront. By rights, I should haul her before the Court to face justice. She understood the chance she took revealing herself to me, and her offer to join forces is tempting, but it could cost me my throne. Some risks are worth the price. If I cross the line, there'll be no going back. Midnight Court My days as Faery's reluctant regent have crashed and burned. Either I left the land to rot in a squalid soup of broken promises, or I destroyed her enemies one by one. No choice there. Not really. I'd known some of those "enemies" since childhood, which was centuries ago. They say familiarity breeds contempt. In my case it bred sorrow as I consigned Fae who'd been friends to eternal destruction and fed them to the land. Dariyah, the Witch-who-wasn't-one, crossed my path for reasons I'm still figuring out. Her long-lost mother presided over one of Faery's many dirty secrets, the Midnight Court. Some like to believe Fae blood is pure. It's not. We and the Sidhe are joined at the hip, and the Midnight Court was once a living symbol of our bond. Court of the Fallen Faery has changed so much I barely recognize her. The worst part is I didn't see this coming. A few minor skirmishes, sure, but the Unseelie fielded tens of thousands against us. The King of Winter is finally exacting revenge against the consort who spurned him. The rest of us are collateral damage. He played his hand well, attracted powerful allies, and punted us into a definite one-down position. For the moment. Pegasus is the king's primary ally. I possess knowledge that will blow their partnership sky high. And proof in case neither of them believes me. Timing is everything, though. We must wrest Faery from the enemy. I finally hold the land link, but success is far from a foregone conclusion. More blood will flow before we're done. Buckets of the stuff, but I can't let that stop me. Court of Destiny Faery's castle lies in ruins, a reflection of the rest of a land I love. My land, my realm, has altered almost beyond recognition. The part that hasn't changed is the incredible people

and creatures who live in Faery. Unicorns. Fauns. Satyrs. Fae. Sidhe. Their spirits have been indomitable, and it makes me proud to call them brothers. But then, the Unseelie used to be brethren too. Now they stand against us along with a collection of monsters intent on sucking every last breath of life from Faery. The worst part about all of this has been not knowing whom I can call friend. As we lurch into the endgame, my life, soul, and fortunes are linked with the woman I love. We rise—or fall—together. If it comes down to a gut-wrenching choice, will I pick Faery or Dariyah?
