ZAAK GESLOTEN Iedereen in Little Kilton kent het verhaal: de knappe en populaire eindexamenscholiere Andie Bell werd door haar vriendje Sal Singh vermoord, waarna hij zelfmoord pleegde. Zelfs vijf jaar later ziet Pippa Fitz-Amobi nog de impact die de zaak op het dorp heeft gehad. Pip heeft zich altijd afgevraagd wat er nu precies is gebeurd. Wanneer ze de zaak kiest als onderwerp voor haar profielwerkstuk, komen er al snel geheimen boven die iemand liever verborgen had willen houden. Het lijkt wel alsof diegene haar tegenwerkt – zou de echte moordenaar nog leven? ‘Een cadeautje voor lezers die gek zijn op nagelbijtend spannende mysteries.’ – Kirkus Review From Ishmael Reed and Toni Morrison to Colson Whitehead and Terry McMillan, Darryl Dickson-Carr offers a definitive guide to contemporary African American literature. This volume—the only reference work devoted exclusively to African American fiction of the last thirty-five years—presents a wealth of factual and interpretive information about the major authors, texts, movements, and ideas that have shaped contemporary African American fiction. In more than 160 concise entries, arranged alphabetically, Dickson-Carr discusses the careers, works, and critical receptions of Alice Walker, Gloria Naylor, Jamaica Kincaid, Charles Johnson, John Edgar Wideman, Leon Forrest, as well as other prominent and lesser-known authors. Each entry presents ways of reading the author's works, identifies key themes and influences, assesses the writer's overarching significance, and includes sources for further research. Dickson-Carr addresses the influence of a variety of literary movements, critical theories, and publishers of African American work. Topics discussed include the Black Arts Movement, African American postmodernism, feminism, and the influence of hip-hop, the blues, and jazz on African American novelists. In tracing these developments, Dickson-Carr examines the multitude of ways authors have portrayed the diverse experiences of African Americans. The Columbia Guide to Contemporary African American Fiction situates African American fiction in the social, political, and cultural contexts of post-Civil Rights era America: the drug epidemics of the 1980s and 1990s and the concomitant "war on drugs," the legacy of the Civil Rights Movement, the struggle for gay rights, feminism, the rise of HIV/AIDS, and racism's continuing effects on African American communities. Dickson-Carr also discusses the debates and controversies regarding the role of literature in African American life. The volume concludes with an extensive annotated bibliography of African American fiction and criticism. Includes articles on international business opportunities. You're no idiot, of course. This volume examines and synthesizes their history through each of its integral phases: the complex and elaborate societies that emerged and flourished in the Pre-Columbian period; the triple curse of disease, economic dependency, and political instability brought by the European invasion; the role of Native Americans in the inter-colonial struggles for control of the region; the removal of the "Five Civilized Tribes" to Oklahoma; the challenges and adaptations of the post-removal period; and the creativity and persistence of those who remained in the Southeast.
