Race in Young Adult Speculative Fiction offers a sustained analysis of race and representation in young adult speculative fiction (YASF). The collection considers how characters of color are represented in YASF, how they contribute to and participate in speculative worlds, how race affects or influences the structures of speculative worlds, and how race and racial ideologies are implicated in YASF. This collection also examines how race and racism are discussed in YASF or if, indeed, race and racism are discussed at all. Essays explore such notable and popular works as the *Divergent* series, *The Red Queen*, *The Lunar Chronicles*, and the *Infernal Devices* trilogy. They consider the effects of colorblind ideology and postracialism on YASF, a genre that is often seen as progressive in its representation of adolescent protagonists. Simply put, colorblindness silences those who believe—and whose experiences demonstrate—that race and racism do continue to matter. In examining how some YASF texts normalize many of our social structures and hierarchies, this collection examines how race and racism are represented in the genre and considers how hierarchies of race are reinscribed in some texts and transgressed in others. Contributors point toward the potential of YASF to address and interrogate racial inequities in the contemporary West and beyond. They critique texts that fall short of this possibility, and they articulate ways in which readers and critics alike might nonetheless locate diversity within narratives. This is a collection troubled by the lingering emphasis on colorblindness in YASF, but it is also the work of scholars who love the genre and celebrate its progress toward inclusivity, and who further see in it an enduring future for intersectional identity. All will be revealed for fans who have breathlessly awaited the sizzling sequel to *Juliet Immortal*. This time

Romeo takes center stage and gets one chance, and one chance only, to redeem himself. Cursed to live out eternity in his rotted corpse, Romeo, known for his ruthless, cutthroat ways, is given the chance to redeem himself by traveling back in time to save the life of Ariel Dragland. Unbeknownst to her, Ariel is important to both the evil Mercenaries and the love-promoting Ambassadors and holds the fate of the world in her hands. Romeo must win her heart and make her believe in love, turning her away from her darker potential before his work is discovered by the Mercenaries. While his seduction begins as yet another lie, it soon becomes his only truth. Romeo vows to protect Ariel from harm, and do whatever it takes to win her heart and soul. But when Ariel is led to believe his love is a deception, she becomes vulnerable to Mercenary manipulation, and her own inner darkness may ultimately rip them apart. In the beginning was the darkness, and in the darkness was a girl, and in the girl was a secret... In the domed city of Yuan, the blind Princess Isra, a Smooth Skin, is raised to be a human sacrifice whose death will ensure her city's vitality. In the desert outside Yuan, Gem, a mutant beast, fights to save his people, the Monstrous, from starvation. Neither dreams that together, they could return balance to both their worlds. Isra wants to help the city's Banished people, second-class citizens despised for possessing Monstrous traits. But after she enlists the aid of her prisoner, Gem, who has been captured while trying to steal Yuan's enchanted roses, she begins to care for him, and to question everything she has been brought up to believe. As secrets are revealed and Isra's sight, which vanished during her childhood, returned, Isra will have to choose between duty to her people and the beast she has come to love. *The Female Complaint* is part of Lauren Berlant's groundbreaking "national sentimentality" project charting the emergence of the U.S. political sphere as an affective space of attachment and identification. In this book, Berlant chronicles the origins and conventions of the first mass-cultural "intimate public" in the United States, a "women's culture" distinguished by a view that women inevitably have something in common and are in need of a conversation that feels intimate and revelatory. As Berlant explains, "women's" books, films, and television shows enact a fantasy that a woman's life is not just her own, but an experience understood by other women, no matter how dissimilar they are. The commodified genres of intimacy, such as "chick lit," circulate among strangers, enabling insider self-help talk to flourish in an intimate public. Sentimentality and complaint are central to this commercial convention of critique; their relation to the political realm is ambivalent, as politics seems both to threaten sentimental values and to provide certain opportunities for their extension. Pairing literary criticism and historical analysis, Berlant explores the territory of this intimate public sphere through close readings of U.S. women's literary works and their stage and film adaptations. Her interpretation of *Uncle Tom's Cabin* and its literary descendants reaches from Harriet Beecher Stowe to Toni Morrison's *Beloved*, touching on Shirley Temple, James Baldwin, and *The Bridges of Madison County* along the way. Berlant illuminates different permutations of the women's intimate public through her readings of Edna Ferber's *Show Boat*; Fannie Hurst's *Imitation of Life*; Olive Higgins Prouty's feminist melodrama *Now, Voyager*; Dorothy Parker's poetry, prose, and Academy Award-winning screenplay for *A Star Is Born*; the Fay Weldon novel and Roseanne Barr film *The Life and Loves of a She-Devil*; and the queer, avant-garde film *Showboat 1988--The Remake*. *The Female Complaint* is a major contribution from a leading Americanist. First came a terrorist attack. Then the mutations--and Fey who had lived in harmony with humans turned deadly. Now most people hide behind iron gates. But those who are immune--and those with enough courage--can venture out into the Louisiana Delta . . . and a nightmare world of magic. Original. Once upon a time, fairies were the stuff of bedtime stories and sweet dreams. Then came the mutations, and the dre-ams became nightmares. Mosquito-size fairies now indulge their taste for human blood—and for most humans, a fairy bite means insanity or death. Luckily, Annabelle Lee isn't most humans. The hard-drinking, smart-mouthed, bicycle-riding redhead is immune to fairy venom, and able to do the dirty work most humans can't. Including helping law enforcement— and Cane Cooper, the bayou's sexiest detective—collect evidence when a body is discovered outside the fairy-proof barricades of her Louisiana town. But Annabelle isn't equipped to deal with the murder of a sixyear- old girl or a former lover-turned-FBI snob taking an interest in the case. Suddenly her already bumpy relationship with Cane turns even rockier, and even the most trust-worthy friends become suspects. Annabelle's life is imploding: between relationship drama, a heartbreaking murder investigation, Breeze-crazed drug runners, and a few too many rum and Cokes, Annabelle is a woman on the run—from her past, toward her future, and into the arms of a darkness waiting just for her. . . .

What does it mean to become an adult in the face of economic uncertainty and increasing racial and immigrant diversity? Nearly half of all young people in the United States are racial minorities, and one in four are from immigrant families. *Diversity and the Transition to Adulthood in America* offers a comprehensive overview of young people across racial and immigrant groups and their paths through traditional markers of adulthood—from finishing education, working full time, and establishing residential independence to getting married and having children. Taking a look at the diversity of experiences, the authors uncover how the transition to adulthood is increasingly fragmented, especially among those without college degrees. This book will introduce students to immigrant, racial, and ethnic diversity in the transition to adulthood in contemporary America. This book analyses the ways contemporary fiction writers draw on Shakespeare - the man, his work and his cultural legacy.

better get used to the smell of grave dirt . . . The rhetoric and emotion surrounding the same-sex marriage debate tends to obscure the facts and figures. Tracing the development of same-sex marriage in the United States and its deployment as a political tool, Sean Cahill lays out the current situation in plain language and explains what's at stake. This book examines Shakespearean adaptations through the critical lens of fan studies and asks what it means to be a fan of Shakespeare in the context of contemporary media fandom. Although Shakespeare studies and fan studies have remained largely separate from one another for the past thirty years, this book establishes a sustained dialogue between the two fields. In the process, it reveals and seeks to overcome the problematic assumptions about the history of fan cultures, Shakespeare's place in that history, and how fan works are defined. While fandom is normally perceived as a recent phenomenon focused primarily on science fiction and fantasy, this book traces fans' practices back to the eighteenth century, particularly David Garrick's Shakespeare Jubilee in 1769. Shakespeare's Fans connects historical and scholarly debates over who owns Shakespeare and what constitutes an appropriate adaptation of his work to online fan fiction and commercially available fan works.

In een donker tijdvak van de geschiedenis trekt een koningskind rond met een bende dieven en moordenaars op zoek naar wraak op de vader die hem heeft verstoten. For seven hundred years, the souls of Romeo and Juliet have repeatedly inhabited the bodies of newly deceased people to battle to the death as sworn enemies, until they meet for the last time as two Southern California high school students. After dying in a cheerleading accident, high school freshman Karen turns into a zombie and enrolls at a boarding school for the undead where she uncovers a murder mystery. Adaptation in Young Adult Novels argues that adapting classic and canonical literature and historical places engages young adult readers with their cultural past and encourages them to see how that past can be rewritten. The textual afterlives of classic texts raise questions for new readers: What can be changed? What benefits from change? How can you, too, be agents of change? The contributors to this volume draw on a wide range of contemporary novels – from Rick Riordan's Percy Jackson series and Megan Shepherd's Madman's Daughter trilogy to Jesmyn Ward's Salvage the Bones – adapted from mythology, fairy tales, historical places, and the literary classics of Shakespeare, Charles Dickens, Jane Austen, and F. Scott Fitzgerald, among others. Unpacking the new perspectives and critiques of gender, sexuality, and the cultural values of adolescents inherent to each adaptation, the essays in this volume make the case that literary adaptations are just as valuable as original works and demonstrate how the texts studied empower young readers to become more culturally, historically, and socially aware through the lens of literary diversity. Megan Berry is no stranger to heartbreak, but spending Valentine's Day serving other happy couples hot dogs while mourning the loss of her one true love is almost more than even a highly trained Zombie Settler can handle.
