Intermeccanica Apr 28 2021 Frank Reisner, a Hungarian-born American, turned a youthful passion for cars into one of the world's most famous small sports car building companies. From modest beginnings in Turin, Intermeccanica designed and produced a dozen different but exciting models that shook the motoring world in the 60s & 70s.

American Cars, 1960-1972 May 18 2020 The automotive industry underwent great

change in the 1960s and the early 1970s. The continuing trend toward market consolidation, the proliferation of sizes and nameplates, and the "need for speed" characterized this period, loosely labeled as the muscle car era. This is an exhaustive reference work to American made cars of model years 1960-1972. Organized by year (and summarizing the market annually), it provides a yearly update on each make's status and production figures, then details all models offered for that year. Model listings include available body styles, base prices, engine and transmission choices, power ratings, standard equipment, major options and their prices, curb weight and dimensions (interior and exterior), paint color choices, changes from the previous year's model, and sales figures. Also given are assembly plant locations and historical overviews of each model nameplate. The book is profusely illustrated with 1,018 photographs.

Original Corvette 1968-1982

Sep 21 2020 Written and designed for casual enthusiasts, as well as restorers who want to determine which parts, accessories and colors will restore their cars to factory-original condition, every title in the Bay View Original Series provides a huge selection of color photography, comprehensive factory records, thorough specifications, detailed parts lists and nostalgic period literature. The third generation Corvettes, built from 1968 through 1982, are the most affordable and frequently driven 'Vettes, barring the new models. This all-color guide depicts all editions from these model years -- including the ultra-fast L88 454 and ZL1 427, in addition to the standard 350 -- while carefully detailing engines, interiors and bodies.
